

Low Wit

**Massachusetts. County Court (Essex
Co.)**

Low Wit:

A Glossary of John Dryden's Critical Terms H. James Jensen, 1969-02-19 A Glossary of John Dryden's Critical Terms was first published in 1969 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions Although John Dryden is as Samuel Johnson described him the father of modern criticism his critical writings are difficult for twentieth century readers to understand and appreciate Part of the problem lies in the fact that many of the critical terms which Dryden used have changed or expanded in meaning since his time By providing a series of glosses of seventeenth century critical terms this volume clarifies and illuminates Dryden's work for modern readers and scholars Professor Jensen has catalogued every important word that Dryden used in discussing critical matters whether about art literature or music In addition to covering all of Dryden's works the glossary encompasses works of other important seventeenth century critics among them John Milton Ben Johnson and Thomas Rymer The structure of the glossary is simple under each word there is a general definition and if needed an essay on the word's origin history and general usage Then the various particular meanings of the word are given and under each definition are listed the critics the works the editions and the page numbers where the word is used with that particular meaning Selected quotations abound substantiating the text The book will be useful for students and teachers in seventeenth and eighteenth century literature courses and for scholars doing advanced research Students will gain an understanding of the development of critical thought by reading the essays in the Glossary Modern scholars of Restoration literature will find new ideas here as well as confirmation of some older conjectures about Dryden **The Publications of the Harleian Society** Harleian Society, 1922 **The Definition, Combination, and Natural Language of the Faculties. A Lecture** Lorenzo Niles Fowler, 1866 **The Analyzer and Expositor** Albert Picket, John W.
