Portraits of Wittgenstein is a major collection of memoirs and reflections on one of the most influential and yet elusive personalities in the history of modern philosophy Ludwig Wittgenstein Featuring a wealth of illuminating and profound insights into Wittgenstein s extraordinary life this unique collection reveals Wittgenstein s character and power of personality more vividly and comprehensively than ever before With portraits from more than 50 figures Portraits of Wittgenstein brings together the personal recollections of philosophers students friends and acquaintances including Bertrand Russell G E Moore F R Leavis A J Ayer Karl Popper Friedrich von Hayek G H von Wright Freeman Dyson Iris Murdoch Mary Midgley and Mary Warnock These authors testify to the life long influence Wittgenstein had on the lives of those he met Their fascinating memoirs reflections and commentaries often at odds with each other reveal Wittgenstein s kindness and how much genuine friendship meant to him as well as his suffering and despair They show too how the philosopher s ruthless honesty and uncompromising integrity often resulted in stern advice and harsh rebukes to friends and foes alike Now abridged and available in paperback this collection of valuable and hard to find material is an indispensable resource for scholars and students of the life and work of Ludwig Wittgenstein    **Ludwig Wittgenstein** Ray Monk,1990 Ludwig Wittgenstein is perhaps the greatest philosopher of the twentieth century and certainly one of the most original in the entire Western tradition Given the inaccessibility of his work it is remarkable that he has inspired poems paintings films musical compositions titles of books and even novels In his splendid biography Ray Monk has made this very compelling human being come alive in a way that perfectly explains the fascination he has evoked Wittgenstein s life was one of great moral and spiritual depth Although his work addresses problems of logic language mind and knowledge he often described it as having an ethical point and once said that he could not help seeing every problem from a religious point of view In successfully bridging the gap assumed by many to exist between Wittgenstein s life and his work Monk s biography helps to explain the interest in Wittgenstein s later philosophy on the part of Buddhist scholars    **Ludwig Wittgenstein** ,1969
