Loving God and Neighbor George Van Pelt Campbell, Derek Van Pelt

Campbell, 2024-09-24 The Old Testament book of Deuteronomy is the Bible's most elaborate explanation of what it means to love God and love neighbor In fact the book contains the Bible's first explicit command to love God in Deut 6:4-5 often referred to as the Shema Jesus quoted heavily from Deuteronomy during his ministry and this book still contains many practical teachings for his followers today Drawing from recent understanding of the book's previously perplexing structure we find that while the Ten Commandments are famously framed mostly as brief negatives such as do not murder they were written to teach an open ended array of positive ways to demonstrate love for God and neighbor This book offers a positive restatement of each commandment to establish how Deuteronomy presents each commandment's full meaning This book will

help readers discover the riches of the book of Deuteronomy by reading it with understanding It will also offer the resources needed to lead a Bible study on or preach through Deuteronomy so that Christians are better prepared to love God and neighbor

What Do Our Neighbors Believe? Second Edition Micah Greenstein,Kendra G. Hotz,John Kaltner,2019-10-08 The current social and political climate makes it easy to benefit from religious misunderstanding Political and religious leaders create fear of the religious other in order to drum up support for themselves But the best way to combat deliberate misrepresentation is to provide accurate timely information about the three great monotheistic religions Judaism Christianity and Islam Originally published in 2007 *What Do Our Neighbors Believe Second Edition* organizes the three belief systems asking the same questions of each When and where did each originate What are the sacred writings What kind of leaders does each have What are their most essential beliefs New sections explore current ethical questions and issues including the deliberate use of misinformation about Islam to bolster power and generate fear and the recent rise in anti Semitic hate crimes By introducing the common aspects of Judaism Christianity and Islam the authors make understanding their genuine differences and their many similarities much more possible
