

# Calling In the Call Out Culture

**What is Calling Out?** Calling someone out is the public practice of criticizing a person or a group for something they've said or done that you think is politically incorrect. We all call people out by naming instances or patterns of oppressive behaviors and language used by others to seek accountability. Calling In means learning and selecting practices that invite people in for conversations with people who have different ideas about social justice work. Calling In requires a commitment to recognize and support each other's strengths, and to consciously help expand another's perspectives. It is about working together to find and reach shared goals for building a human rights movement.

## **Out In Culture:**

**Out in Culture** Corey K. Creekmur, 1995 *Out in Culture* charts some of the ways in which lesbians gays and queers have understood and negotiated the pleasures and affirmations as well as the disappointments of mass culture. The essays collected here combining critical and theoretical works from a cross section of academics journalists and artists demonstrate a rich variety of gay and lesbian approaches to film television popular music and fashion. This wide ranging anthology is the first to juxtapose pioneering work in gay and lesbian media criticism with recent essays in contemporary queer cultural studies. Uniquely accessible *Out in Culture* presents such popular writers as B Ruby Rich Essex Hemphill and Michael Musto as well as influential critics such as Richard Dyer Chris Straayer and Julia Lesage on topics ranging from the queer careers of Agnes Moorehead and Pee Wee Herman to the cultural politics of gay drag lesbian style the visualization of AIDS and the black snap queen experience. Of particular interest are two dossiers the first linking essays on the queer content of Alfred Hitchcock's films and the second on the production and reception of popular music within gay and lesbian communities. The volume concludes with an extensive bibliography the most comprehensive currently available of sources in gay lesbian and queer media criticism. *Out in Culture* explores the distinctive and original ways in which gays lesbians and queers have experienced appropriated and resisted the images and artifacts of popular culture. This eclectic anthology will be of interest to a broad audience of general readers and scholars interested in gay and lesbian issues students of film media gender and cultural studies and those interested in the emerging field of queer theory. *Dropping out of Socialism* Juliane Fürst, Josie McLellan, 2016-12-13 The essays in this collection make up the first study of dropping out of late state socialism in Eastern Europe and the Soviet Union. From Leningrad intellectuals and Berlin squatters to Bosnian Muslim madrassa students and Romanian yogis groups and individuals across the Eastern Bloc rejected mainstream socialist culture. In the process multiple drop out cultures were created with their own spaces music values style slang ideology and networks. Under socialism this phenomenon was little known outside the socialist sphere. Only very recently has it been possible to reconstruct it through archival work oral histories and memoirs. Such a diverse set of subcultures demands a multi disciplinary approach the essays in this volume are written by historians anthropologists and scholars of literature cultural and gender studies. The history of these movements not only shows us a side of state socialist life that was barely known in the west. It also sheds new light on the demise and eventual collapse of late socialism and raises important questions about the similarities and differences between Eastern and Western subcultures
