## Out Of Body Experiences:

**Navigating the Out-of-Body Experience** Graham Nicholls, 2012-04-08 A Better Approach to Astral Projection  
Experience the insights and joys of astral projection with Navigating the Out of Body Experience a personalized accessible science based guide from a top authority in the field Drawing on more than twenty years of study and countless OBEs that he has brought about in himself and others Graham Nicholls shares proven techniques for leaving the body Gain greater insight into your psychological makeup and strengths with a unique approach to self discovery Learn to use your greater awareness to build a customized approach to projecting into the astral plane Integrating his deep knowledge of self hypnosis breath work virtual reality quantum science nutrition and healing Nicholls teaches you how to move past limiting beliefs and deepen your level of self understanding so you can achieve your astral goals Praise A fascinating review of out of body experiences in a detailed yet easy to read style Nicholls valuable contribution provides excellent and practical direction to help explore this phenomenon Dr Jeffrey Long New York Times bestselling author of Evidence of the Afterlife Navigating the Out of Body Experience stands out as one of the best Graham Nicholls demonstrates a rare and welcome understanding among authors within this genre Thomas Campbell NASA Physicist and author of My Big TOE *Out-of-Body Experiences in the Etheric Body* Alfred Ballabene, 2018-10-23 Over all the world and in all cultures the etheric body and the ether were known in the mystical or magical secret teachings The term itself was put forth by the theosophists and refers to a subtle energetic appearance of the human being denser than the astral body It is related to many phenomena of out of body experiences This book is a thorough compilation of important topics regarding the etheric body including OBEs and perception in the etheric body silver cord false awakening and more Students of the topic will find valuable information here including practical advices on out of body experiences in the etheric body *Out-of-Body Experiences* Samantha Treasure, 2025-05-01 This illuminating guide investigates the incredible phenomena of out of body experiences including why they happen how to make sense of them as well as how to pursue or avoid these experiences Breaking free from the usual template of astral projection manual or personal account this book takes an eclectic approach weaving together anthropology science spirituality and fascinating accounts It takes a neutral and holistic approach while refusing to shy away from the stranger aspects of this phenomena This includes fieldwork with Eckankar a new religious movement interviews with Korean and Siberian shamans participation in neuroscience experiments a year interviewing alien contactees and attendance at various workshops retreats and lectures that are increasingly marketed within the growing spiritual marketplace Based on interviews the author has conducted since 2015 the book will also explore how astral projection changes over the course of an episode or lifetime taking into consideration generational cultural and biological differences For example utilising her background in medical anthropology Samantha Treasure explores the links between OBEs and sleep paralysis epilepsy and Charles Bonnet Syndrome interviewing both experiencers and specialists This book will also aim to reclaim OBEs from their growing

commodification within social media and the wellness industry and will challenge definitions that privilege certain types of experience or narratives While including evidence for their potential as a healing or spiritual tool the author will also include the voices of experiencers and researchers who think otherwise exploring their rationale while avoiding either sugar coating or fear mongering This is the definitive guide to this fascinating phenomenon *My Little Journal of Out-of-Body Experiences* Denise Martinson,2009-11

This is not a book about how to teach out of body experiences OBEs There are many good books already written on how to induce them It is not about the history of OBEs Even though there have been numerous studies in the field that still challenges nonphysical existence such as near death experiences NDEs and other metaphysical subjects it is the OBE that aids in our growth and development and most especially our awareness about eternity Scientists who are unable to solve out of body experiences or near death experiences try to explain them as the body's way of tricking itself into believing it lives after death They say it is the loss of oxygen to the brain or a psychological episode that causes hallucinations When in truth we leave our bodies every single night not under any defense apparatus but our natural nightly ritual called dreams which are really out of body experiences In fact an NDE is not necessary in order to have an OBE or being ill or under drugs but they still may bring them on Some researchers believe the mind separates while in the OBE or altered state of consciousness This is because consciousness has the ability to be in two places at once Just like when we were born we had to grow and learn and while this was happening the mind acquired new knowledge as it traveled on the other side In other words our soul stays with the body except during an OBE until we pass over because it is the body that shuts down and dies not the soul or consciousness It releases itself completely to the other side after death During an OBE I still had my body all five of my senses and an extremely alert and a sharp mental state They have helped me to never fear death In fact each experience enriched my life even more Especially when I was quiet and was able to tune into the energy within where I easily entered other dimensions and received guidance Believe me it is not easy to write a book about OBEs It is not an everyday subject to focus on or for us to understand But once the reader enters my journal of out of body experiences they will journey with me to the other side visit other dimensions see the light and hopefully be able to understand their own spirituality along the way Note The Brain Bits sections have the most information and answers many questions Even the great Edgar Cayce once said that other people could leave their bodies like he did *Out-of-Body Experiences* Robert Peterson,2013-01-01 Throughout history people have reported spiritual experiences that we now identify as out of body experiences or OBEs In recent times modern researchers like Robert Monroe have pioneered the scientific study and practice of OBEs Increasingly people are remembering spontaneous OBEs especially from early childhood Also OBEs are a typical feature of near death experiences and have been described as beautiful painless and ecstatic This is the comprehensive manual for inducing out of body experiences and managing the experience Peterson not only explores the stages of his own development but also concludes each chapter with a specific exercise that takes you to the next level From

wiggling out of your body for the first time the author did a back flip his first time to traveling through other realms and dealing with your encounters this is one of the most practical step by step guides to OBEs available He clearly demonstrates how this consciousness expanding experience is accessible to anyone willing to make the leap into the great beyond This is the ultimate manual on how to leave home alone **Out-of-Body Exploring** Preston Dennett,2004-08-31 Everything you ve always wanted to know about OBEs but were afraid to ask If you have wanted to have an outofbody experience but were intimidated by books on the subject OutofBody Exploring is for you This is an entryleveltoexpert bookeverything from what OBEs are to how you can have your own anytime you want Preston Dennett began his explorations beyond the physical body nearly twenty years ago in an attempt to contact his deceased mother Thousands of OBEs later OBEs lasting anywhere from a few seconds to several hours he turns his attention from mastering the art to helping others OutofBody Exploring includes Dennett s initial forays into expanded consciousness sharing the techniques he experimented with and discussing the people and sightsboth strange and familiarthat he encountered along the way Plus he offers tips on how to go reliably outofbody and how to control and maintain this enhanced level of awareness for extended periods This is a guidebook to a whole new world Why wait any longer to explore it

**Astral Dynamics** Robert Bruce,1999 Astral projection is the classic term for what today is more commonly called out of body experience or OBE In this fascinating volume Robert Bruce has drawn on his lifetime s experience not only traveling in the astral dimension but teaching others to do so Astral Dynamicsprovides all in one package a personal narrative a how to a troubleshooting guide and a theoretical perspective Whether you are a skeptic a veteran astral projector a novice or an armchair traveler there is treasure here Astral Dynamicsprovides the intelligent and motivated reader with everything needed to put theory into practice Elements of Projection Bruce s mind split theory of what actually goes on during projection New Energy Ways NEW His stunningly practical method of raising awareness by using touch which Bruce calls tactile imaging Core Skills How to succeed at the three tasks that are essential to success in astral projection Projection Technique What you need to know to stop reading about astral projection and actually do it The Akashic Connection Speculations on things seen and heard while traveling in astral realms Written in an engaging unpretentious manner Astral Dynamicsis already considered to be a classic

**Journeys Out of the Body** Robert A. Monroe,2014-11-12 The definitive work on the extraordinary phenomenon of out of body experiences by the founder of the internationally known Monroe Institute Robert Monroe a Virginia businessman began to have experiences that drastically altered his life Unpredictably and without his willing it Monroe found himself leaving his physical body to travel via a second body to locales far removed from the physical and spiritual realities of his life He was inhabiting a place unbound by time or death Praise for Journeys Out of the Body Monroe s account of his travels Journeys Out of the Body jam packed with parasitic goblins and dead humans astral sex scary trips into mind boggling other dimensions and practical tips on how to get out of your body all told with wry humor quickly became a cult sensation with its publication in 1971 and has been through many printings

Whatever their real explanation Monroe's trips made for splendid reading Michael Hutchinson author of Megabrain Robert Monroe's experiences are probably the most intriguing of any person's of our time with the possible exception of Carlos Castaneda's Joseph Chilton Pierce author of *Magical Child* This book is by a person who's clearly a sensible man and who's trying to tell it like it is No ego trips Just a solid citizen who's been out a thousand times now and wants to pass his experiences to others *The Last Whole Earth Catalog* *Seeing Myself* Susan Blackmore,2017-07-06 Essential reading for anyone seeking to understand their own mind and to find a spiritual path that is compatible with science As an impressionable young student Susan Blackmore had an intense dramatic and life changing experience seeming to leave her body and travel the world With no rational explanation for her out of body experience OBE she turned to astral projection and the paranormal but soon despaired of finding answers Decades later a Swiss neurosurgeon accidentally discovered the spot in the brain that can induce OBEs and everything changed this crucial spot is part of the brain's self system and when disturbed so is our experience of self Blackmore leaped back into OBE research and at last began to unravel what had happened to her *Seeing Myself* describes her long quest for answers through spirituality religion drugs meditation philosophy and neuroscience Anyone can have an OBE indeed 15 per cent of us have Even more have experienced sleep paralysis lucid dreaming and the creepy sense of an invisible presence At last with the advent of brain stimulation fMRI scanning and virtual reality all these phenomena are beginning to make sense Long relegated to the very fringes of research the new science of out of body experiences is now contributing to our understanding of consciousness and our very selves

**Astral Odyssey** Carol Eby,2002-03-01 Astral travel what is it and how does it fit in our lives Eby explains the differences and similarities between astral projection out of body experiences OBEs ordinary dreams creative inspiration mental projection and clairvoyance With OBEs defined and placed in the context of consciousness continuum these various states of awareness can provide entryways to alternate realities *Astral Odyssey* guides us through the pathways of consciousness that lead to the invisible worlds around us giving step by step procedures on how to do actual voluntary conscious astral projection But Eby does more than just teach astral travel she provides instructions for attaining all the necessary states of consciousness tells how each may be used to derive valuable benefits in daily life such as improved psychological balance solutions to problems increased creativity and enhanced powers of extrasensory perception Included are never before published examples of OBEs and an OBE diary that describes in vivid detail the sights sounds sensations and thoughts associated with actual visits to the astral plane We discover that astral travel allows a new perspective of both the universe and the role that human experience plays in it With this first hand knowledge of the existence of nonphysical worlds and their entities physical life can become more meaningful creative and joyful **Mastering Astral Projection** Robert Bruce,Brian Mercer,2004 This practical guide to achieving conscious out of body experiences is based upon the author's extensive knowledge of astral projection Presented in an easy to follow workbook format the 13 week program introduces astral project
