Outnumbering The Dead:

Outnumbering the Dead Frederik Pohl, 1990 The tale of an actor Rafiel who is living on a far future Earth one where a simple organization in childhood brings immortality for all Except a handful of people who prove immune and who live their lives as mortals in an immortal society *Passionate Intelligence: The Poetry of Geoffrey Hill* E.M. Knottenbelt, 2022-07-18

Where are the Dead? Peter Moore, 2016-09-13 Where are the dead What are they doing What kind of a process is dying What relationships exist among the dead themselves and between the dead and those in the world they have left behind Modern philosophers argue that the idea of disembodied survival to which many believers pay lip service is incoherent and that there can be evidence neither for nor against something incoherent By contrast this book argues the idea of an embodied survival albeit a form of embodiment differing from our present embodiment makes perfect sense in itself and fits much better with the alleged evidence for post mortem survival Exploring post mortem survival Where are the Dead uses a variety of empirical data alongside mythological legendary and purely fictional material to illustrate how the less familiar idea of embodied post mortem survival might actually work in some real afterlife environment By asking questions about the nature and whereabouts of the afterlife and about what it might be like to be dead the book explores themes nowadays relatively neglected even in disciplines explicitly concerned with ideas about death dying and life after death Fine Incisions Eric Ormsby, 2014-05-14 A poem I thought is a physical object as tactile as a statue I began to consider poems in textual terms there were shaggy surfaces knobbly ones mere veneers as sleek as glassine but my favourites were those in which a complex and tensile music prevailed Eric Ormsby that gracious intelligent and occasionally fractious poet has produced another vigorous collection of essays to shake North American literary criticism from its lethargy Opinionated and hilarious Ormsby indulges his wide ranging interests and discusses writers from Bob Dylan to S D Goitein La Fontaine to Leo Tolstoy Fine Incisions also draws connections between Ormsby's literary criticism and his travel writing as his essay Shadow Language notes the music of another language can seep pleasurably into a writer's work and as Ormsby also notes the lack of such linguistic overlap cheapens much of contemporary poetry Although the topics vary widely Ormsby's viewpoint remains sharp and uncompromising and his familiarity with North American British and Arabic literary cultures informs each essay and leads to new and provocative reflection Most of all each essay is an expression of Ormsby's own romance with language and his devotion is clear in his adamant insistence on all writers very best *Annual Report* Kansas Agricultural Experiment Station, 1895 **First- Annual Report of the Director ... 1891-** University of Kansas.
