Ovarian Cancer? You Can Not Be Serious! Janice M. Coggins MSW, 2013-02-25 THIS IS THE NOW I am still here Call me blessed Call me determined And yes call me very grateful Now call me a writer because I need to share my story I have been diagnosed with the fifth most common cancer killer of women ovarian cancer I have broken through to a brighter time My mission now is to increase the likelihood that many more stricken women may also live beyond the onset diagnosis and treatment of ovarian cancer This book begins with my story of being here as a survivor I love to meet other survivors because they are like instant family I often hug them simply because we have walked the same path For me having cancer is real and I embrace it as being part of who I am now Just as I believe that each time Moses spoke of God and Paul spoke of Jesus it deepened their relationships with God So it is with me Telling my story often helps keep me in touch with my true self and with my God Cancer may be part of me but I am more than just cancer And I refuse to give it more power than it is due
