## Love Vision And Debate:

**Love Vision and Debate** Patricia Margaret Kean,1972      **Chaucerian Dream Visions and Complaints** Dana M Symons,2004-11-01 On several counts one particular collection of French lyrics made in France in the late fourteenth century University of Pennsylvania MS 15 is the most likely repository of Chaucer s French poems It is the largest manuscript anthology extant of fourteenth century French lyrics in the formes fixes balade rondeaux virelay lay and five stanza chanson with by far the largest number of works of unknown authorship The known authors represented in the manuscript and the texts themselves have notable associations with England and with Chaucer And intriguingly there are fifteen lyrics each headed by the initials Ch very likely indications of authorship neatly inserted between rubric and text The rubrics together with other substantial manuscript evidence and the intrinsic worth of the poems make them easily the best candidates among extant French lyrics for Chaucer s authorship appropriate representatives of his French work from the Introduction      An Introduction to Medieval English Literature Anna Baldwin,2015-11-15 This is a comprehensive guide to a literary period characterized by great variety and imagination and vividly alert to the social transformations overtaking society Spanning almost two centuries it introduces the reader to a diverse range of authors writing for a fast developing readership of both men and women Each chapter focuses on a group of genres primarily associated with a particular social class from the Drama and Saints Lives accessible to the illiterate to the sophisticated Romances of Love savoured by the aristocracy and the Court Lively historical narratives place each group of texts in their social political and cultural contexts Significant or typical texts are given more detailed analysis that includes critical issues and questions to guide the reader s own approach and each section is supported by a detailed bibliography of further reading      Geoffrey Chaucer G. A. Rudd,2005-07-05 So many questions surround the key figures in the English literary canon but most books focus on one aspect of an author s life or work or limit themselves to a single critical approach Geoffrey Chaucer offers basic information on an author s life contexts and works the major critical issues surrounding the author s works from the time they were written to the present explanations of the full range of different critical views and interpretations guides to further reading in each area      The Publishers Weekly ,1972      **Visions and Voice-Hearing in Medieval and Early Modern Contexts** Hilary Powell,Corinne Saunders,2020-12-11 This book examines how the experiences of hearing voices and seeing visions were understood within the cultural literary and intellectual contexts of the medieval and early modern periods In the Middle Ages these experiences were interpreted according to frameworks that could credit visionaries or voice hearers with spiritual knowledge and allow them to inhabit social roles that were as much desired as feared Voice hearing and visionary experience offered powerful creative possibilities in imaginative literature and were often central to the writing of inner spiritual lives Ideas about such experience were taken up and reshaped in response to the cultural shifts of the early modern period These essays which consider the period 1100 to 1700 offer diverse new insights into a complex controversial and contested category of human

experience exploring literary and spiritual works as illuminated by scientific and medical writings natural philosophy and theology and the visual arts In extending and challenging contemporary bio medical perspectives through the insights and methodologies of the arts and humanities the volume offers a timely intervention within the wider project of the medical humanities Chapters 2 and 5 are available open access under a Creative Commons Attribution 4 0 International License via link [springer.com](http://springer.com) **Negotiating Boundaries in Medieval Literature and Culture** Valerie B. Johnson,Kara L.

McShane,2022-03-21 Thomas Hahn s work laid the foundations for medieval romance studies to embrace the study of alterity and hybridity within Middle English literature His contributions to scholarship brought Robin Hood studies into the critical mainstream normalized the study of historically marginalized literature and peoples and encouraged scholars to view medieval readers as actively encountering others and exploring themselves This volume employs his methodologies careful attention to texts and their contexts cross cultural readings and theoretically informed analysis to highlight the literary culture of late medieval England afresh Addressing long established canonical works such as Chaucer Christine de Pizan and Malory alongside understudied traditions and manuscripts this book will be of interest to literary scholars of the later Middle Ages who like Hahn work across boundaries of genre tradition and chronology **Love's Forgiveness** John Lippitt,2020

Love s Forgiveness combines a discussion of the nature and ethics of forgiveness with a discussion inspired by Kierkegaard of the implications of considering interpersonal forgiveness as a work of love It introduces the reader to some key questions that have exercised recent philosophers of forgiveness discussing the relationship between forgiveness and an extended notion of resentment considering whether forgiveness should be conditional or unconditional showcasing a particular understanding of the latter and arguing that there are legitimate forms of third party forgiveness It then introduces the idea of forgiveness as a work of love through a discussion of Kierkegaard key New Testament passages on forgiveness and some contemporary work on the philosophy of love Drawing on both philosophy and the New Testament it offers an understanding of forgiveness that incorporates both agapic love and a proper concern for justice John Lippitt explores religious and secular uses of key metaphors for forgiveness and the idea of forgivingness as a character trait suggesting that seeking to correct for various cognitive biases is key to the development of such a virtue and connecting it to other putative virtues such as humility and hope Lippitt draws on both Kierkegaard s discourse literature and contemporary philosophical work on these latter characteristics before turning to a discussion of the nature of self forgiveness Throughout the book the philosophical and theological literature is rooted in a discussion of various forgiveness narratives including Helen Prejean s Dead Man Walking Thordis Elva and Tom Stranger s South of Forgiveness and Ian McEwan s Atonement
