## Loving Wisdom:

**The Love of Eternal Wisdom** Saint Louis de Montfort, Aeterna Press, 2015-02-20 O divine Wisdom Lord of heaven and earth I humbly beg pardon for my audacity in attempting to speak of your perfections ignorant and sinful as I am I beg you not to consider the darkness of my mind or the uncleanness of my lips unless it be to take them away with a glance of your eyes and a breath of your mouth Aeterna Press

Loving Wisdom Wisdom Whisperers, 2023-12-03 Fifteen contributors to Loving Wisdom a Second Collection of Stories that Nourish the Soul have generously shared their stories of loss trauma triumph resilience tenacity humility learning and love The authors Wisdom Whisperers continue their storytelling tradition in a manner that is compelling and insightful In the midst of conveying their experiences the writers carefully transport the reader through the transformative power of their life changing moments

*Wisdom's Call* K A Ellis, 2023-09-05 Like all great building projects the world runs on the wisdom of its Architect The universe is a carefully ordered place designed for humanity's good and God's glory Too often however we attempt life based on our own understanding To become wise we must respond to Wisdom's call to dwell in Wisdom's house Scripture teaches that Christ Himself is our wisdom our way back to understanding how to build and live as the Architect intended Those who meditate on the wisdom of Christ will find themselves living in Wisdom's house once again You will be refreshed and able to bring life to those around you just like Christ who breathed life from its start K A Ellis shows us how to claim the asset of wisdom and invites us to experience Jesus Christ the Wisdom on which our world rests Ellis calls us to live as people who are wise

*Loving Wisdom* Paul Copan, 2020 Presents a biblical philosophy of religion addressing a wide range of

topics and questions as they arise in scripture      Radical Axiology Hugh P. McDonald, 2004 This book treats values as the basis for all of philosophy an approach distinct from critiquing theories of value and far rarer First Philosophy the effort to justify the foundations for a system of philosophy is one of the main issues that divide philosophers today McDonald's philosophy of values is a comprehensive attempt to replace philosophies of existence being experience the subject or language with a philosophy that locates value as most basic This transformation is a radical move within Western philosophy as a whole since it has never been done in such a thoroughgoing way Hugh P McDonald makes a comprehensive case against first philosophy as metaphysical by mounting a case against all metaphysical systems of philosophy Radical Axiology A First Philosophy of Values is a fresh start for a rebirth of philosophy While other movements debate the death of philosophy this book radically re evaluates the direction of philosophy by discovering values at the basis of all philosophy This reorientation addresses the question of what the love of wisdom can mean for us today      **The Complete Works of St. John of the Cross ... Translated from the Original Spanish by D. Lewis. Edited by the Oblate Fathers of Saint Charles. With a Preface by Cardinal Wiseman** ,1864      *For You* ,1902      **The Path of Love** Ronald D. Cowen, 2015-02-05 The Buddha was a scientist Instead of using a microscope or a particle accelerator the Buddha used ESP He had several psychic powers that allowed him to perceive in detail the psychology of karma the evolution of consciousness and subatomic particles He discovered love and self love to be organizing principles that evolved early in the history of intelligent consciousness especially with regard to feelings and emotions Every person has the deepest need to love and be loved He solved the mind body problem by perceiving the physical basis of intelligent consciousness These psychic powers are acknowledged in Hindu and Buddhist scriptures but extremely few people have them This book is essentially a meditation report written by someone who has them While this sounds like an invitation to return this book to the shelf in a bookstore it also documents in depth another report by a physicist Stephen Phillips who relates in comprehensive detail the relationship between modern superstring theory and extrasensory observation of the elements of the periodic table by Annie Besant and Charles Leadbeater of the Theosophical Society This strong connection between modern physics and psychic powers of the Buddha is a real challenge to both the modern scientist and the modern Buddhist      **Aelfric's Lives of saints** Aelfric (Abbot of Eynsham.), 1900      Understanding Love Timo Purjo, 2025-10-02 This book is a true voyage of exploration across the sea of love approaching the theme through a logotherapeutic and philosophical perspective The author PhD Timo Purjo examines love as the highest value a fundamental spiritual capacity and the deepest meaning of human existence It leads the reader from foundational philosophical principles to concrete life situations in which love is expressed as an attitude a responsibility a decision and a calling It draws upon Viktor Frankl's anthropological understanding of the human person placing emphasis on the role of the will to meaning self transcendence and responsibility in realizing authentic love The author reflects on love not just as a feeling but as a value that gives direction and purpose to human life Through philosophical analysis drawing on

the insights of M Scheler K Jaspers E Fromm and other important thinkers Purjo connects the logotherapeutic understanding of meaning with fundamental questions about the nature of love the challenges it faces and its potential for growth Building upon Frankl s concept of WILL TO MEANING as the cornerstone of logotherapy Purjo expands the framework by guiding the reader toward a conscious and empowered WILL TO LOVE The practical dimension of love is also explored as love in interpersonal relationships in professional settings love directed toward imperfection love in suffering and loss and love for non human beings and nature The book includes personal stories that testify to love as a genuine and vital force in life What makes this book truly unique is that the author does not write from the position of someone who knows what love is but rather as someone who searches learns and shares with the reader what he has discovered along the way More than a theoretical exploration this book is an invitation to pause reflect and re examine the ways in which love shapes our decisions our relationships and our sense of purpose It encourages the reader to engage in the courageous act of loving not as a fleeting emotion but as an enduring orientation toward the good the true and the meaningful Through this lens love becomes not only a personal experience but an existential commitment a spiritual path and a shared human journey Understanding Love is a deeply personal yet universal book philosophical yet warm academically grounded yet accessible to anyone seeking a deeper understanding of love in their own life Program Ann Arbor (Mich.). May Festival,1904 Song of Songs

Graeme Watson,2014-05-15 The Song of Songs is a short beautiful but currently neglected book of the Bible Whilst acknowledging it s fascinating portrayal of human love and longing for love this unusual book explores the possibility of drawing on the mystics and the poets to read the book at a more profound level as a resource for contemplative prayer Aims to present the Song of Songs as a resource for contemplative prayer From its recorded beginning before Christ this biblical poem was widely and in fact exclusively interpreted both by Jews and Christians as a hymn of God s passionate love for his chosen people The Song of Songs is however a mysterious book and the more modern reading of it as a celebration of human erotic love has largely displaced this older interpretation Here the author presents a contemporary mystical reading with reference to some later Christian poetry including John Donne George Herbert Gerald Manley Hopkins and R S Thomas
