Lower Depths:

The Lower Depths Maksim Gorky, 2016-09-27 De profundis ad te clamavi In this phrase with his penchant for epitome the late James Huneker summarized the masterpiece of Russia's single living master of the drama Maxim Gorky as he saw it in Berlin under the German title of *Nachtsyl* or Night Lodging Na Dnye is the Russian literally On the Bottom Partly because The Lower Depths is a more faithful rendering of the original than Night Lodging and partly because it implies so vividly the play's keynote as the shrewd Huneker detected it beneath a guise alien to both Russian and English the title adopted by Laurence Irving for the British version has been preferred for its introduction to American audiences by the company which discovered it and first set it on its stage in Moscow December 31 our calendar 1902 In The Lower Depths more than in any other single play throughout its history the Moscow Art Theatre concentrates its dramatic ideals and methods its esthetic theory and practice and through the production of this play it most emphatically justifies its artistic faith in spiritual or psychological realism as a dramatic medium of expression The plays of Tchekhoff of course serve the same ends but no single one of them does so quite as richly as does Gorky's masterpiece At the hands of Stanislavsky and his associates The Lower Depths draws much of its convincing power from its unusual use of and dependence on the channels of expression which are peculiar to the art of the theatre It is almost wholly independent of drama as literature Less than any play I know is it possible to imagine its potential effect in the theatre from a reading of its printed lines Pg iv In my book The Russian Theatre I have thus analyzed this factor The Lower Depths is not so much a matter of utterable line and recountable gesture as it is of the intangible flow of human souls in endlessly shifting contact with one another The Lower Depths Maxim Gorky, 2016-03-29 Gorky's 1902 masterpiece centers on a group of wretched souls who congregate to play cards tell stories and debate the wisdom of life without illusions as opposed to a romanticized worldview *The Lower Depths* Maksim Gorky, 1912 The Lower Depths, and Other Plays Maksim Gorky, L. e. ethical dilemmas faced by individuals struggling for survival in the depths of despair More than just a play *The Lower Depths* is a profound social commentary inviting audiences to confront uncomfortable truths about inequality and the search for meaning amidst hardship Experience this timeless exploration of the human condition a cornerstone of Russian drama in this meticulously prepared print edition This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant
