

An illustration of a stack of colorful sticky notes. The notes are yellow, green, blue, and pink, with question marks drawn on them. A large white sign in the center of the stack reads "QUESTIONS" in a black, hand-drawn style. The background is blue with white arrows pointing upwards and to the right.

**The Question of Questions which Rightly Resolveth All Our Questions in Religion. The Question Is, Who Ought to be Our Judge in All These Differences? This Book Answereth this Question, and Hence Sheweth a Most Easy ... Way, how Among So Many Religions, the Most Unlearned ... May Find the True Religion.**

**By Optatus Ductor [i.e. James Mumford].** Optatus DUCTOR (pseud.), 1658      **Composing Questions** Hadas Kotek, 2019-02-19 An investigation of the syntax and semantics of wh questions through the lens of intervention effects offering a new proposal on overt and covert wh movement. In this book Hadas Kotek investigates the syntax and semantics of wh questions offering a new solution to a central question in the study of interrogatives given that overt wh movement is cross-linguistically common is syntactic movement a prerequisite for the interpretation of wh phrases. Some linguists argue that all wh phrases undergo movement to interrogative C even if covertly others propose mechanisms of in situ interpretation that do not require any movement. Kotek moves beyond these positions to argue that wh in situ does move covertly but not necessarily to C. Instead she contends wh in situ undergoes a short movement step akin to covert scrambling. This makes the LF behavior of English parallel to the overt behavior of German. Kotek presents a series of self-paced reading experiments alongside judgment data from German to substantiate the idea of covert scrambling. She introduces new diagnostics for the underlying structure of questions using as a principal tool the distribution of intervention effects. This system allows her to offer the first unified account for a range of phenomena of interrogative syntax semantics as pied piping superiority effects the cross-linguistically varied syntax of questions and intervention effects. Kotek develops a theory of interrogative syntax semantics studies the phenomena of intervention effects in wh questions proposing that the nature of intervention is crucially tied to the availability of wh movement in a question and shows that covert wh movement should be modeled as a short scrambling operation rather than an unbounded successive cyclic and potentially long distance movement operation.

*Roscoe's Digest of the Law of Evidence in Criminal Cases* Henry Roscoe, Horace Smith, 1874      *The Goslings: A Study of*

*the American Schools* Upton Sinclair,2022-06-13 In The Goslings A Study of the American Schools Upton Sinclair offers a rigorous critique of the education system in the United States underscoring the insidious influence of corporate interests on the structure and objectives of American schooling Writing with the analytical precision and fervent prose that mark his renowned literary style Sinclair s work situates itself in a broader social commentary on American capitalism and its pervasive impact on societal institutions including education His methodical dissection of curricula and political maneuvers within the education sector reveals a system more attuned to preserving corporate hegemony than nurturing the intellect and welfare of children Sinclair s expos responds to Dr Tildsley s 1922 controversial assertion serving as both a factual account and an impassioned call for reform Upton Sinclair a Pulitzer Prize winning author and muckraker is celebrated for his commitment to social justice and his novels that reveal the struggles of the working class against corporate powers Sinclair s personal dedication to these issues was not merely academic he ran for public office and was often at the forefront of political activism This background imbues The Goslings with a sense of authenticity and urgency as he channels his own experiences and observations into a compelling argument against the commodification of American education The Goslings is essential reading for educators sociologists and historians alike It offers a timeless reflection on the purposes of education and a provocative examination of how society s most integral institutions can be co opted by powerful entities Readers seeking an in depth understanding of the historical and ongoing challenges faced by the American education system will find Sinclair s thorough analysis and eloquent advocacy both enlightening and galvanizing The book stands as a testament to the enduring need for vigilance and reform in educational policymaking

Spreading Indra's Net D. T. Suzuki,2025-08-26 D T Suzuki s 1950s lectures at Columbia University were foundational for the postwar Zen boom Speaking softly in a bookcase lined room Suzuki then in his eighties introduced East Asian Buddhism to a rapt audience of the general public scholars and students He offered a distinctive interpretation of Zen weaving together his understanding of classical Buddhist texts especially the Flower Garland Sutra with Christian mysticism psychology and twentieth century European and American philosophy The freewheeling lectures captivated listeners drawn from the New York intelligentsia and art world including Carolyn Brown John Cage Arthur Danto Sari Dienes Erich Fromm Phillip Guston Ibram Lassaw and Dorothy Norman and catalyzed public interest in Buddhism Spreading Indra s Net presents Suzuki s 1952 1953 lectures in full giving a vivid look at how one of the most important global Buddhist figures of the twentieth century interpreted Zen for an American audience Drawing on archival research in Japan and the United States editor Richard M Jaffe provides an extensive introduction that traces Suzuki s path to Columbia analyzes the content of the lectures and surveys their reception Among the most accessible works of a major figure and a record of a crucial moment in New York history this book displays Suzuki s gifts as a teacher scholar writer and thinker
