## Outside Of August:

The Outside of August Joanna Hershon,2003-10 For as long as Alice Green can remember her elusive mother Charlotte has moved in and out of family life disappearing relentlessly and often without explanation Despite the exotic clutter of souvenirs that detail Charlotte s international travels the Green s home becomes progressively hollow as nothing but Charlotte can fill the empty spaces With their mother s tenuous presence and their tender but distant father working long hours Alice and her brother August react in different ways While seeking constant affection from other women August relies on an unspoken bond with Charlotte that allows him a certain freedom But Alice feels no such security and grows increasingly unmoored always in search of ways to keep her mother at home When years later her unfettered brother becomes strangely remote Alice journeys to find him in an isolated beach town It is there that a deeply buried secret will have to unravel in order for Alice to come to terms with her fractured family and her place within it and learn to let go of a mother she perhaps never really knew
