PERSPECTIVES ON KANT'S *OPUS POSTUMUM*

Edited by
Giovanni Pietro Basile and
Ansgar Lyssy

Opus Postumum

Christopher J. Insole

Opus Postumum:

Opus Postumum Immanuel Kant, 1995-02-24 Kant's Opus Postumum Early leaves and Oktaventwurf Toward the elementary system of the moving forces of matter The ether proofs How is physics possible How is the transition to physics possible The Selbstsetzungslehre Practical self positing and the idea of God What is transcendental philosophy **Kant's Final Synthesis** Eckart Förster, 2000 This is the first book in English devoted entirely to Kant's Opus Postumum and its place in the Kantian oeuvre Over the last few decades the importance of this text for our understanding of Kant's philosophy has emerged with increasing clarity Although Kant began it in order to solve a relatively minor problem within his philosophy his reflections soon forced him to readdress virtually all the key problems of his critical philosophy the objective validity of the categories the dynamical theory of matter the natures of space and time the refutation of idealism the theory of the self and its agency the question of living organisms the doctrine of the practical postulates and the idea of God the unity of theoretical and practical reason and the idea of transcendental philosophy itself In the end Kant was convinced that these problems some of which had preoccupied him throughout his career could finally be brought to a coherent and adequate solution and integrated into a single philosophical conception As Eckart Förster shows in his penetrating study Kant's Opus Postumum deserves not only our intellectual respect but also our undivided philosophical attention Förster provides detailed analyses of the key problems of Kant's Opus Postumum and also relates them to Kant's major published writings In this way he provides unique insights into the extraordinary continuity and inner dynamics of Kant's transcendental philosophy as it progresses toward its final synthesis Kant und die Berliner Aufklärung Volker Gerhardt, Rolf-Peter Horstmann, Ralph Schumacher, 2001 **The Post-Critical Kant** Bryan Hall, 2014-10-10 In this book Bryan Wesley Hall breaks new ground in Kant scholarship exploring the gap in Kant's Critical philosophy in relation to his post-Critical work by turning to Kant's final unpublished work the so called Opus Postumum Although Kant considered this project to be the keystone of his philosophical efforts it has been largely neglected by scholars Hall argues that only by understanding the Opus Postumum can we fully comprehend both Kant's mature view as well as his Critical project In letters from 1798 Kant claims to have discovered a gap in the Critical philosophy that requires effecting a transition from the metaphysical foundations of natural science to physics unfortunately Kant does not make clear exactly what this gap is or how the transition is supposed to fill the gap To resolve these issues Hall draws on the Opus Postumum arguing that Kant's transition project can solve certain perennial problems with the Critical philosophy This volume provides a powerful alternative to all current interpretations of the Opus Postumum arguing that Kant's transition project is best seen as the post-Critical culmination of his Critical philosophy Hall carefully examines the deep connections between the Opus Postumum and the view Kant develops in the Critique of Pure Reason to suggest that properly understanding the post-Critical Kant will significantly revise our view of Kant's Critical period **Perspectives on Kant's Opus postumum** Giovanni Pietro

Basile, Ansgar Lyssy, 2022-11-18 This book offers new perspectives on the theoretical elements of the *Opus postumum* OP Kant's project of a final work which remained unknown until eighty years after his death The contributors read the OP as a central work in establishing the relation between Kant's transcendental philosophy his natural philosophy practical philosophy philosophy of religion metaphysics and his broader epistemology Interpreting the OP is an important task because it helps reveal how Kant himself tried to correct and develop his critical philosophy It also sheds light on the foundational role of the three Critiques for other philosophical inquiries as well as the unified philosophical system that Kant sought to establish The chapters in this volume address a range of topics relevant to the epistemological and theoretical problems raised in the OP including the transition from the *Metaphysical Foundations of Natural Science* to physics as an answer to a deficiency in critical thought the notion of ether and more specifically its transcendental deduction self affection and the self positing of the subject and the idea of God and the system of ideas in the highest standpoint of transcendental philosophy Perspectives on Kant's *Opus postumum* will be of interest to upper level students and scholars working on Kant *Kant's Transition Project and Late Philosophy* Oliver Thorndike, 2018-01-11 Kant's Transition Project and Late Philosophy is the first study to provide a close reading of the connection between texts written by Kant during 1796 and 1798 Connecting Kant's unfinished book project the *Opus postumum* with the *Metaphysics of Morals* it identifies and clarifies issues at the forefront of Kant's focus towards the end of his life Labelled by Kant as the Transition Project the *Opus postumum* generates debate among commentators as to why Kant describes the project as filling a gap within his system of critical philosophy This study argues for a pervasive transition project that can be traced through Kant's entire critical philosophy and is the key to addressing current debates in the scholarship By showing that there is not only a Transition Project in Kant's theoretical philosophy but also a Transition Project in his practical philosophy it reveals why an accurate assessment of Kant's critical philosophy requires a new understanding of the *Opus postumum* and Kant's parallel late writings on practical philosophy Rather than seeing Kant's late thoughts on a Transition as afterthoughts they must be seen at the centre of his critical philosophy **The Kantian Mind** Sorin Baiasu, Mark Timmons, 2023-07-20 The thought of Immanuel Kant is fundamental to understanding Western philosophy Spanning epistemology metaphysics ethics and religion the sheer scope and originality of Kant's ideas have decisively shaped the history of modern philosophy *The Kantian Mind* is an outstanding guide and reference source to Kant's thought and a major new publication in Kant scholarship Comprising forty five chapters by a stellar team of contributors the collection is divided into four clear parts Background to the Critical Philosophy Transcendental Philosophy Critique and Doctrine Posthumous Writings and Lectures Kant and Contemporary Kantians In addition to coverage of Kant's main works the volume contains chapters on a broad range of topics including Kant's views on logic mathematics the natural sciences anthropology religion politics and education The concluding chapters cover the influence of Kant's thought on contemporary analytic and continental philosophy Including suggestions for further reading at

the end of each chapter The Kantian Mind is essential reading for all students and scholars of Kant and contemporary Kantian thought It will also be extremely helpful to those in related humanities and social sciences disciplines such as religion history politics and literature

Spinoza Richard Mason,2007 Approaching the central themes of Spinoza s thought from both a historical and analytical perspective this book examines the logical metaphysical core of Spinoza s philosophy its epistemology and its ramifications for his much disputed attitude towards religion Opening with a discussion of Spinoza s historical and philosophical location as the appropriate context for the interpretation of his work the book goes on to present a non logical reading of Spinoza s metaphysics a consideration of Spinoza s radical repudiation of Cartesian subjectivism and an examination of how Spinoza wanted religion to be understood in the context of his wider thinking and the influence of his non Christian background Mason also assesses Spinoza s significance and importance for philosophy now

Kant's Opus postumum Immanuel Kant,1936

Understanding the Critical Philosophy Through the Opus Postumum Bryan Hall,2014-10-10 In this book Bryan Wesley Hall breaks new ground in Kant scholarship exploring the gap in Kant s Critical philosophy in relation to his post Critical work by turning to Kant s final unpublished work the so called Opus Postumum Although Kant considered this project to be the keystone of his philosophical efforts it has been largely neglected by scholars Hall argues that only by understanding the Opus Postumum can we fully comprehend both Kant s mature view as well as his Critical project In letters from 1798 Kant claims to have discovered a gap in the Critical philosophy that requires effecting a transition from the metaphysical foundations of natural science to physics unfortunately Kant does not make clear exactly what this gap is or how the transition is supposed to fill the gap To resolve these issues Hall draws on the Opus Postumum arguing that Kant s transition project can solve certain perennial problems with the Critical philosophy This volume provides a powerful alternative to all current interpretations of the Opus Postumum arguing that Kant s transition project is best seen as the post Critical culmination of his Critical philosophy Hall carefully examines the deep connections between the Opus Postumum and the view Kant develops in the Critique of Pure Reason to suggest that properly understanding the post Critical Kant will significantly revise our view of Kant s Critical period solve certain perennial problems with the Critical philosophy This volume provides a powerful alternative to all current interpretations of the Opus Postumum arguing that Kant s transition project is best seen as the post Critical culmination of his Critical philosophy Hall carefully examines the deep connections between the Opus Postumum and the view Kant develops in the Critique of Pure Reason to suggest that properly understanding the post Critical Kant will significantly revise our view of Kant s Critical period

Metaphysics of Nature and Failure in Kant's Opus postumum Terrence Thomson,2025-02-20 Focusing on moments of continuity and rupture as well as the thin lines of fracture in Critical philosophy itself Metaphysics of Nature and Failure in Kant s Opus postumum navigates the rough terrain of Kant s final thoughts Terrence Thomson argues that Opus postumum constitutes Kant s last attempt to deliver on the promise of a system of speculative reason in a work called metaphysics of nature He journeys through the

drafts left on Kant's desk when he died to encounter their failure to establish this work rather than their projected success. Far from this signaling that we give up on serious study of the *Opus postumum*, however, Thomson shows how failure is not something Kant shied away from but rather embraced as fuel for his continued thinking. Indeed, it is this failure that opens the door to a greater understanding of the dissonances at the core of Critical philosophy itself. Moreover, it indicates what it means to be in the process of philosophizing and that Kant was well aware that to think often means to repeatedly fail. Suggesting how the very call for a metaphysics to be established upon the Critical philosophy can only ever fail to abide by the threshold it sets up, this book offers a new perspective on the central bind Kant repeatedly confronts in *Opus postumum* within the modern European tradition of philosophy. To deliver the system of metaphysics Kant calls for means to transgress the bounds of Critical philosophy, but to attempt to deliver it is nonetheless an unavoidable part of Critical philosophy itself.

German Idealism Frederick C. BEISER, 2009-06-30 One of the very few accounts in English of German idealism, this ambitious work advances and revises our understanding of both the history and the thought of the classical period of German philosophy. As he traces the structure and evolution of idealism as a doctrine, Frederick Beiser exposes a strong objective or realist strain running from Kant to Hegel and identifies the crucial role of the early romantics: Herder, Schlegel, and Novalis as the founders of absolute idealism. Traditionally, German idealism is understood as a radical form of subjectivism that expands the powers of the self to encompass the entire world. But Beiser reveals a different, in fact opposite, impulse: an attempt to limit the powers of the subject. Between Kant and Hegel, he finds a movement away from cosmic subjectivity and toward greater realism and naturalism, with one form of idealism succeeding another as each proved an inadequate basis for explaining the reality of the external world and the place of the self in nature. Thus, German idealism emerges here not as a radical development of the Cartesian tradition of philosophy but as the first important break with that tradition.

 reader afloat as he steers through such deep and turbulent waters deserves the highest praise Expository writing of unflinching
 lucidity is supported by reference to an unrivalled range of sources I learned something from this book on almost every page
 For anyone at all seriously interested in the topic this is now the place to start Michael Rosen Times Literary Supplement

The Concept of World from Kant to Derrida Sean Gaston, 2013-09-20 In the mid eighteenth century metaphysics was
 broadly understood as the study of three areas of philosophical thought theology psychology and cosmology This book
 examines the fortunes of the third of these formidable metaphysical concepts the world Sean Gaston provides a clear and
 concise account of the concept of world from the mid eighteenth century to the end of the twentieth century exploring its
 possibilities and limitations and engaging with current issues in politics and ecology He focuses on the work of five principal
 thinkers Kant Hegel Husserl Heidegger and Derrida all of whom attempt to establish new grounds for seeing the world as a
 whole Gaston presents a critique of the self evident use of the concept of world in philosophy and asks whether one can move
 beyond the need for a world like vantage point to maintain a concept of world From Kant to the present day this concept has
 been a problem for philosophy and it remains to be seen if we need a new Copernican revolution when it comes to the
 concept of world **Kant and the Creation of Freedom** Christopher J. Insole, 2013-05-31 Kant actively struggles with the

problem of how to conceive of God's creative action in relation to human freedom. He comes to the view that human freedom can only be protected if God withdraws in certain ways from the created world. The two pillars of Kant's mature philosophy, transcendental idealism and freedom, are in part shaped and motivated by Kant's need to provide a solution to his theological problem. The medieval and early modern theological tradition conceives of divine action as unlike the action of any created being. When the creature acts, God directly causes this action but without reducing the creature's freedom. Kant explicitly discusses and rejects this account of divine and human concursus. This rejection has significant and surprising ramifications for Kant's wider philosophy, explaining otherwise incomprehensible claims in his critical philosophy. Christopher J. Insole presents a definitive study in the history of ideas, engaging with a wide range of Kant's texts from 1749 until the early 1800s. Many of these texts have received little or no attention in Kant studies to date. Insole places Kant's thought in relation to numerous historical and traditional positions and illuminates these positions by a close engagement with recent debates in analytical philosophy and systematic theology. Kant is unrelentingly honest when grappling with the difficulty of relating divine and human freedom. This study of Kant's theological struggle and legacy goes to the heart of the problem in the modern reception of what the Christian tradition has affirmed about human freedom. As such, the book throws light on one of the defining fault lines in modern theology and philosophy.

Kant: A Biography Manfred Kuehn, 2001-03-19. This is the first full-length biography in more than fifty years of Immanuel Kant, one of the giants amongst the pantheon of Western philosophers as well as the one with the most powerful and broad influence on contemporary philosophy. It is well known that Kant spent his entire life in an isolated part of Prussia, living the life of a typical university professor. This has given rise to the view that Kant was a pure thinker with no life of his own or at least none worth considering seriously. In this biography, Manfred Kuehn debunks that myth once and for all. Taking account of the most recent scholarship, Professor Kuehn allows the reader, whether interested in philosophy, history, politics, German culture, or religion, to follow the same journey that Kant himself took in emerging as a central figure in modern philosophy.

Kant's Transcendental Deductions Eckart Förster, 1989. A Stanford University Press classic.

Kant's Philosophy of Religion Clement Charles Julian Webb, 1926.

Isis George Sarton, 1926. Brief table of contents of vols I-XX in v. 21, p. 502-618.

The Hibbert Journal Lawrence Pearsall Jacks, George Dawes Hicks, George Stephens Spinks, Lancelot Austin Garrard, H. L. Short, 1927. A quarterly review of religion, theology, and philosophy.

The Philosophical Review Jacob Gould Schurman, James Edwin Creighton, Frank Thilly, Gustavus Watts Cunningham, 1924. An international journal of general philosophy.

Unveiling the Energy of Verbal Art: An Mental Sojourn through **Opus Postumum**

In a global inundated with monitors and the cacophony of instantaneous interaction, the profound energy and emotional resonance of verbal art frequently fade in to obscurity, eclipsed by the regular assault of sound and distractions. Yet, nestled within the lyrical pages of **Opus Postumum**, a fascinating function of fictional splendor that pulses with natural thoughts, lies an unique trip waiting to be embarked upon. Written by a virtuoso wordsmith, this mesmerizing opus guides viewers on a mental odyssey, softly revealing the latent possible and profound affect stuck within the complicated web of language. Within the heart-wrenching expanse of the evocative examination, we shall embark upon an introspective exploration of the book is key styles, dissect their charming writing model, and immerse ourselves in the indelible impression it leaves upon the depths of readers souls.

Opus Postumum Introduction

In today's digital age, the availability of Opus Postumum books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Opus Postumum books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Opus Postumum books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Opus Postumum versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Opus Postumum books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Opus Postumum books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Opus Postumum books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural

artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Opus Postumum books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Opus Postumum books and manuals for download and embark on your journey of knowledge?

FAQs About Opus Postumum Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Opus Postumum is one of the best book in our library for free trial. We provide copy of Opus Postumum in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Opus Postumum. Where to download Opus Postumum online for free? Are you looking for Opus Postumum PDF? This is definitely going to save you time and cash in something you should think about.
