Your Reading Jean E. Brown, Elaine C. Stephens, 2003. This informal and inviting book offers a much needed resource for the many K-12 teachers who wonder what to do about grammar: how to teach it, how to apply it, how to learn what they themselves were never taught. It provides teachers a way to negotiate the often conflicting goals of high stakes testing, confident writing, the culturally inclusive classroom and the teaching of standard English while also honoring other varieties of English. Novice and veteran teachers alike will appreciate the hands-on approach to grammar in the classroom that includes numerous examples and practical vignettes describing real teachers' real classroom experiences with specific grammar lessons including ESL issues as well as the chapters that review grammar basics. A grammar glossary and annotated list of sources are also included.

Conversations with Texas Writers Frances Leonard, Ramona Cearley, 2005-03. Larry McMurtry declares Texas itself doesn't have anything to do with why I write. It never did.
