visited Bangkok on my way home from Bogor and while there spent time with Professor Thavorn Vajrabhaya He readily agreed to write a chapter The rest of the chapters were solicited by mail and I had the complete manuscript on my desk in 1975 With that in hand I started to look for a publisher Most of the publishers I contacted were not interested Fortunately Mr James Twiggs at that time editor of Cornell University Press grew orchids and liked the idea He decided to publish *Orchid Biology Reviews and Perspectives* and volume I saw the light of day in 1977 I did not know if there would be a volume II but collected manuscripts for it anyway Fortunately volume I did well enough to justify a second book and the series was born It is still alive at present 20 years seven volumes and three publishers later I was in the first third of my career when volume I was published
