**Ordeal of the Union: Fruits of manifest destiny, 1847-1852** Allan Nevins, 1947      Ordeal of the Union Allan Nevins, 1992      **Ordeal of the Union** Allan Nevins, 1947 This is the first volume of what may well be Allan Nevins most important contribution to American history a 10 volume survey of American life from the Mexican War through Reconstruction The Ordeal of the Union serves as the title for the first 2 volumes and for the overall title of set      *Ordeal of the Union* Allan Nevins, 1947      **Ordeal of the Union** Allan Nevins, 1975 The book will take its place as the standard history of the eighteen fifties Our armies in Mexico had won victory after victory But victory in war does not invariably spell an untroubled peace This was the lesson that America was to learn for the first time in the year from 1847 to 1852 And this is the theme of the book in which the author explores the state of our civilization after the war with Mexico Every aspect of American life is touched upon including the state of education popular culture religion and the impulse toward reform Dust jacket      *Ordeal of the Union Volume 1: Fruits of Manifest Destiny, 1847-1852* Allan Nevins, 1947 The book will take its place as the standard history of the eighteen fifties Our armies in Mexico had won victory after victory But victory in war does not invariably spell an untroubled peace This was the lesson that America was to learn for the first time in the year from 1847 to 1852 And this is the theme of the book in which the author explores the state of our civilization after the war with Mexico Every aspect of American life is touched upon including the state of education popular culture religion and the impulse toward reform Dust jacket      The Shattering of the Union Eric H. Walther, 2004 The 1850s offered the last remotely feasible chance for the United States to steer clear of Civil War Yet fundamental differences between North and South about slavery and the meaning of freedom caused political conflicts to erupt again and again throughout the decade as the country lurched toward secession and war With their grudging acceptance of the Compromise of 1850 and the election of Franklin Pierce as president in 1852 most Americans hoped that sectional strife and political upheaval had come to an end Extremists in both North and South abolitionists and secessionists testified to the prevailing air of complacency by their shared frustration over having failed to bring on some sort of conflict Both sets of zealots wondered what it would take to convince the masses that the other side still menaced their respective visions of liberty And as new divisive issues emerged in national politics with slavery still standing as the major obstacle compromise seemed more elusive than ever As the decade progressed battle lines hardened The North grew more hostile to slavery while the South seized every opportunity to spread it Immigrant Aid Societies flourished in the North raising money men and military supplies to secure a free soil majority in Kansas Southerners flocked to the territory in an effort to fight off antislavery After his stirring vilification of the institution of slavery Massachusetts senator Charles Sumner was brutally attacked on the floor of the United States Senate Congress whose function was to peacefully resolve disputes became an armed camp with men in both houses and from both sections arming themselves within the capitol building In October 1858 Senator William Henry Seward said that the nation was

headed for an irrepressible conflict In spite of the progress ushered in by the decade s enormous economic growth the country was self destructing The Shattering of the Union America in the 1850s is a concise readable analysis and survey of the major ideas and events that resulted in the Civil War The first scholarly synthesis of America s final antebellum decade to be published in more than twenty years this essential overview incorporates methods and findings by recognized historians on politics society race relations ideology and slavery This book is a fascinating look at one of the pivotal decades in U S history

*Robert Toombs* Mark Scroggins,2014-01-10 Robert Toombs of Georgia stands as one of the most fiery and influential politicians of the nineteenth century Sarcastic charming egotistical and gracious he rose quickly from state office to congressman to senator in the decades before the Civil War Though he sought sectional reconciliation throughout the 1840s and 1850s he eventually became one of the South s most ardent secessionists This thorough biography chronicles his days as a student and young lawyer in Georgia his boisterous political career his appointment as the Confederacy s first Secretary of State his unsuccessful stint as a Confederate general and his role as a proud unreconstructed rebel after the war

An exploration of Toombs career reveals the political forces and missteps that drove him and people like him to want to secede from the United States     *The Atlantic Monthly* James Russell Lowell, James Thomas Fields, William Dean Howells, Thomas Bailey Aldrich, Horace Elisha Scudder, Walter Hines Page, Bliss Perry, Ellery Sedgwick, 1979     **Human Nature** ,1979     *British History Illustrated* ,1978     Skeptic ,1978     **New Times** ,1978     **Politics Today** ,1978
