**The Guns of John Moses Browning** Nathan Gorenstein,2022-05-17

A well researched and very readable new biography The Wall Street Journal of the Thomas Edison of guns a visionary inventor who designed the modern handgun and whose awe inspiring array of firearms helped ensure victory in numerous American wars and holds a crucial place in world history Few people are aware that John Moses Browning a tall humble cerebral man born in 1855 and raised as a Mormon in the American West was the mind behind many of the world changing firearms that dominated more than a century of conflict He invented the design used in virtually all modern pistols created the most popular hunting rifles and shotguns and conceived the machine guns that proved decisive not just in World Wars I and II but nearly every major military action since Yet few in America knew his name until he was into his sixties Now author Nathan Gorenstein brings firearms inventor John Moses Browning to vivid life in this riveting and revealing biography

Embodying the tradition of self made self educated geniuses like Lincoln and Edison Browning was able to think in three dimensions he never used blueprints and his gifted mind produced everything from the famous Winchester 30 30 hunting rifle to the awesomely effective machine guns used by every American aircraft and infantry unit in World War II The British credited Browning s guns with helping to win the Battle of Britain His inventions illustrate both the good and bad of weapons Sweeping lively and brilliantly told this fascinating book that gun collectors and historians of armaments will cherish Kirkus Reviews introduces a little known legend whose impact on history ranks with that of the Wright Brothers Thomas Edison and Henry Ford

**United States Army in World War II.: The technical services** United States. Dept. of the Army. Office of Military History,1947    **The M1 Carbine** Leroy Thompson,2011-11-20 In 1938 the US Chief of Infantry requested that the Ordnance Department develop a carbine to be used by service and support troops artillerymen machine gun crews tankers mortar crews and other troops not needing the power of the M1 Garand rifle The development of this new weapon was given an added impetus by Germany s successful use of airborne and glider troops early on in World War II This caused a fear amongst US officers that troops normally considered behind the lines personnel might have to fight elite German troops and would therefore require a more effective weapon than their standard pistols The resulting M1 Carbine was a not a shortened

version of the standard service rifle but instead a brand new design chambering a new cartridge Eventually numerous manufacturers would combine to produce over six million M1 Carbines before the end of the war This book charts the complete story of the weapon from its design to its operational history and its impact upon warfare Ballistics Townsend Whelen,1955 American Rifleman ,1923 Modern American Pistols and Revolvers Arthur Corbin Gould,1894 **The American Wild Turkey** Henry Edwards Davis,1949 The Independent William Livingston,1918 **A Guide to the Sources of United States Military History** Robin Higham,Donald J. Mrozek,1993 A reference book covering from Colonial Forces 1607 1773 up to the time of the recent Persian Gulf War The book links military history with developments in technology and science and in 20th century military and naval medicine First it gives unique coverage of the European background of American military affairs and then proceeds concentrating first on eras then on branches of the service in war and in peace *Journal of the American Society of Mechanical Engineers* American Society of Mechanical Engineers,1917 The Independent ,1918 Parliamentary Debates (Hansard) Great Britain.
