regulations presented as a well organized set of state key point reviews ideal for pre test memorization But let s not dismiss
the importance of the national content either OR RELEP s national key point reviews are a succinct compression of tested
national principles and practices that comprise the national portion of state license exams from coast to coast Our content is
drawn from our own national textbook Principles of Real Estate Practice one of the most widely used principles textbooks in
the country Finally our national content as well as our question selection is further tailored to the state testing outline
promulgated by PSI for Oregon Thus the breadth and depth of the law reviews and test questions reflect the topic emphasis
of your state s testing service and your Oregon license exam A word about the test questions OR RELEP s testing practice
section consists of ten national practice tests seven state practice tests and one state exam sample test The practice tests are
roughly 50 questions in length and the sample test is 100 questions The test questions are designed to cover the content
covered by the law reviews which reinforces your learning of the total body of information tested by your state exam The
questions are direct to the point and designed to test your understanding When you have completed a given test you can

check your answers against the answer key in the appendix You may also note that each question s answer is accompanied by a brief explanation or rationale to further reinforce your understanding In the end as you know it s all up to you Unlike other publications we are not going to tell you that using this book will guarantee that you pass your state exam It still takes hard work and study to pass But we have done our best here to get you ready Following that the most we can do is wish you the best of success in taking and passing your Oregon real estate exam So good luck For students looking for a comprehensive national principles textbook we also publish Principles of Real Estate Practice For additional real estate mathematics practice we sell Real Estate Math Express *Oregon Real Estate* Ralph A.
