repository of theoretical and administrative expertise The Cour des Monnaies Parsons shows played an important role in developing the contemporary understanding of money as a source of both danger and opportunity at the center of economic and political life More practically the Monnaies led generally successful responses to the endemic inflation of the era and the monetary chaos of a period of civil war Its work investigating and prosecuting counterfeiters shone light into a picaresque world of those who used the abstract and artificial nature of money for their own ends Parsons s broad multidimensional portrait of money in early modern France also encompasses the literature of the age in which money s arbitrary and dangerous power was a major theme **The Field of Cloth of Gold** Glenn Richardson,2014-01-07 Pomp pageantry and epic showing off a vivid re creation of the 1520 peace promoting rally between the kings of England and France The Sunday Times Glenn Richardson provides the first history in more than four decades of a major Tudor event an extraordinary international gathering of Renaissance rulers unparalleled in its opulence pageantry controversy and mystery Throughout most of the late medieval period from 1300 to 1500 England and France were bitter enemies often at war or on the brink of it In 1520 in an effort to bring conflict to an end England s monarch Henry VIII and Francis I of France agreed to meet surrounded by virtually their entire political nations at the Field of Cloth of Gold In the midst of a spectacular festival of competition and entertainment the rival leaders hoped to secure a permanent settlement between them as part of a European wide Universal Peace Richardson offers a bold new appraisal of this remarkable historical event describing the preparations and execution of the magnificent gathering exploring its ramifications and arguing that it was far more than the extravagant elitist theater and cynical charade it historically has been considered to be A sparkling new account of the Field of Cloth of Gold as an extraordinary demonstration of ostentatious rivalry Suzannah Lipscomb author of *A Journey Through Tudor England* Richardson s book seeks to throw new light on what we know of the Field itself from how it was organized provisioned and enacted to the reasons such a sensational junket should have mattered and in this it undoubtedly succeeds

London Review of Books **Luxury Trades and Consumerism in Ancien Régime Paris** Robert Fox,Anthony Turner,2016-12-05 Since the 16th century Paris has been a leading arbiter of taste and the ultimate source of luxury goods for Europe and the world However the origins of the luxury trades of Paris and their role in the wider economic development of France and Europe have been relatively little examined by historians This volume provides an entry into some of the many questions raised by the growth of the luxury trades by bringing together eight detailed case studies of specific trades with five more wide ranging and theoretical contributions It therefore offers both the results of entirely new research and a range of new perspectives and methodological reflections on the subject as a whole Essential to economic and social historians of Early Modern France the book will also be of interest to all students of material culture **The French Renaissance in Prints from the Bibliothèque Nationale de France** ,1994 **Bulletin de la Société de l'histoire de Paris et de l'Ile-de-France** Société de l'histoire de Paris et de l'Ile-de-France (France),2013 **Journal of the Early Book Society for the Study of**

Manuscripts and Printing History Early Book Society,2001 **Trésors enfouis de la Renaissance** Musée historique lorrain,Musée national de la Renaissance (France),2011 Un exceptionnel trésor d'orfèvrerie a été fortuitement découvert en 2006 par des habitants de Pouilly sur Meuse en Lorraine dans une fosse creusée dans leur terrain trente deux objets en argent sommairement enveloppés enrichis de décors gravés ou ciselés et dorés gisaient depuis des siècles. De telles découvertes se produisent moins d'une fois tous les cent ans. D'après les points sur cet ensemble avait été constitué entre la fin du XV^e et la seconde moitié du XVI^e siècle. Classé trésor national il a été acquis par le Musée Lorrain de Nancy grâce des soutiens privés et publics. Cette vaisselle familiale composée d'objets simples destinés à un usage courant est sans équivalent en France. L'orfèvrerie de la Renaissance est très rare. Le trésor de Pouilly sur Meuse a donc justifié une véritable enquête historique. C'est le résultat de ces recherches qui est ici présenté. Des tapisseries des peintures des miniatures de la même période viennent clairez cette étude en permettant de replacer ces vaisselles en situation et de les ancrer dans la réalité quotidienne des usages de la table au XVI^e siècle. P 4 de la couv. *Medieval and Renaissance Art* Glyn Davies, Kirstin Kennedy, 2009-11. This important and beautiful book accompanies the opening of the Victoria and Albert Museum's spectacular new Medieval and Renaissance galleries. Among the textiles, paintings, sculpture, glass, metalwork, prints, manuscripts, furniture, ceramics and jewelry featured here are such renowned treasures as the Devonshire tapestries, the Leonardo Notebooks, Donatello's Ascension relief, the reliquary casket of St Thomas Becket and many more astonishing works. Organized thematically, the book explores the social contexts responsible for these captivating objects, both commonplace and precious, recovering the attitudes of makers and owners of the time toward artistic practice. Rather than adopting the traditional sharp distinction between the Medieval and Renaissance, the authors explore aspects of the whole of this long period in European design and manufacture, an approach that emphasizes the continuities and gradual developments that were often as significant as sudden upheaval. A general historical introduction to the social and political background is followed by chapters that explore concepts of art workshops and sales, the classical past, ornament, religious art, health and body, and the ways in which objects themselves express the attitudes of their owners.
