## **Palestinian Perspectives:**

A Social Psychology Perspective on The Israeli-Palestinian Conflict Keren Sharvit, Eran Halperin, 2016-01-22 Due to its intensity and extensive effects both locally and globally the Israeli Palestinian conflict has drawn the attention of scholars from numerous disciplines who attempt to explain the causes of the conflict and the reasons for the difficulties in resolving it. Among these one can find historians, geographers, political scientists, sociologists and others. This volume explores the Israeli Palestinian conflict from a social psychology perspective. At the core of the book is a theory of intractable conflicts as developed by Daniel Bar Tal of Tel Aviv University applied to the Israeli Palestinian conflict. Opening with an introduction to the Israeli Palestinian conflict situation and a few chapters on the theoretical backgrounds of the creation of a societal ethos of conflict, the volume then moves to an analysis of the psycho-social underpinnings of the conflict while concluding with a discussion of the possibility of long standing peace in the region. Among the topics included in the coverage are Identity formation during conflict, The Israeli and Palestinian ethos of conflict, The important role of Palestinian and Israeli education, An analysis of the leadership in the Israeli Palestinian peace process, The challenges and potential towards a road to peace in the region. All contributors to the volume are pre-eminent scholars of the Israeli Palestinian conflict and many of them have felt the influence of Bar Tal's formulations in their own work. A rich resource for those who are followers of Dr. Bar Tal's work for those who study intractable conflicts in all its forms and for those who have a particular interest in the Israeli Palestinian conflict. **A Social Psychology Perspective of the Israeli Palestinian Case** offers a detailed exploration of the psychological underpinnings of the Israeli Palestinian conflict and the barriers to and opportunities of the peace process. **Palestinian**

**Perspectives** Wolfgang Freund, 1999 This collective book is the first volume of the social sciences oriented series *Controversies from the Promised Land*. Mainly Palestinian academics and opposition leaders, Hamas, Islamic Jihad, analyze and interpret the socio-political situation in the West Bank and the Gaza Strip 6 years after the Israeli-Palestinian Oslo Agreements. Academic Studies and Essays, Reports, Opinion Papers build the two parts of this book. It addresses scholars, decision makers, opinion leaders who want to understand roots and essentials of a historical and political conflict which endorses the whole 20th century displaying enough vicious potential to remain on stage after the Year 2000 too.

*Citizenship Education on the Israeli-Palestinian Conflict* Elizaveta Firsova-Eckert, 2025-12-07 In this book Elizaveta Firsova-Eckert examines the effects of German-Israeli youth exchange programs on political education processes related to the Middle East conflict. To answer the research question a mixed method approach was used to develop a suitable measurement instrument which was then applied to former participants and interested individuals in the exchange program. The data from this nationwide sample were analyzed using statistical group comparisons to identify potential impacts of the exchange. The results of the study show positive effects of the youth exchange on many of the examined political education processes. In particular, positive impacts were found regarding the expansion of participants' conceptual understanding of the

Middle East conflict The study also demonstrates that current events in the Middle East conflict have a significant influence on the political education processes measured **Perspectives on Palestinian Arabs and Israeli Jews** James J.
