Subcontracting Peace Henry F. Carey, 2017-11-28 Non governmental organizations NGOs have emerged as crucial actors in peacebuilding processes in post conflict zones contributing to the liberal state building project NGOs like any other organizations have certain strengths and weaknesses and face tradeoffs and contradictions in peacebuilding Given increasing NGO experience in peacemaking and peacebuilding this volume examines their relatively positive record as well as the constraints limitations and sometimes contradictory impact of their activities and interventions

Designing Urban Transformation Aseem Inam, 2013-10-23 While designers possess the creative capabilities of shaping cities their often singular obsession with form and aesthetics actually reduces their effectiveness as they are at the mercy of more powerful generators of urban form In response to this paradox Designing Urban Transformation addresses the incredible potential of urban practice to radically change cities for the better The book focuses on a powerful question What can urbanism be by arguing that the most significant transformations occur by fundamentally rethinking concepts practices and outcomes Drawing inspiration from the philosophical movement known as Pragmatism the book proposes three conceptual shifts for transformative urban practice a beyond material objects city as flux b beyond intentions consequences of design and c beyond practice urbanism as creative political act Pragmatism encourages us to consider how we can make deeper and more systemic changes and how urbanism itself can be a design strategy for such transformations To illuminate how these conceptual shifts operate in vastly different contexts through analysis of transformative urban initiatives and projects in Belo Horizonte Boston Cairo Karachi Los Angeles New Delhi and Paris The book is a rare integration of theory and practice that proposes essential ways of rethinking city design and building processes while drawing critical lessons from actual examples of such processes

Meeting Development Goals in Small Urban Centres United Nations Human Settlements Programme, 2006 Published by Earthscan for and on behalf of the United Nations Human Settlements Programme UN HABITAT

Meeting Development Goals in Small Urban Centres Un-Habitat, 2012-05-04 Half of the world's people live in urban areas and roughly a third of these live in desperate poverty without access to basic amenities Taking on the themes of UN HABITAT's Water and Sanitation in the World's Cities 2003 this new volume focuses on the deficiencies in the provision of water and sanitation where most of the

populations of the developing world live in towns and small cities Drawing on extensive unpublished research and 15 commissioned papers from experts involved in designing and implementing innovative projects around the world this is the first major study of the problems facing the smaller urban centres that are recognized to be of enormous importance by governments international agencies NGOs and service providers Tackling these problems is a crucial part of development and of good governance and critical to meeting the Millennium Development Goals The volume will be essential reading for all professionals and researchers in the relevant fields and a valuable resource for teachers and students of urban development
