Orazio Gentileschi And The Poetic Tradition In Caravaggesque Painting:

Orazio Gentileschi and the Poetic Tradition in Caravaggesque Painting R. Ward Bissell, 1981 The first comprehensive examination of Gentileschi's art and its pan European influence this interpretive study reveals how his art responded to changing artistic tastes and sociocultural influences and dispels the myth that his exquisite paintings came only from the tip of his brush It does so by addressing his deliberate stylistic expressive decisions in considering subject matter didactic function scale medium physical location and patronage Orazio Gentileschi is presented here as the foremost painter among Caravaggio's Roman followers and one of the great Italian painters of the seventeenth century Much of the text is built around events in Gentileschi's personal life the departure from Rome of Caravaggio under indictment for murder the trial of Agostino Tassi also a painter for the rape of Orazio's daughter Artemisia a well known artist in her own right a call to France by Marie de Medici an invitation to England from the Duke of Buckingham and King Charles I where he became an official court painter since it was by them above all that his career was shaped The book includes a lengthy Catalogue Raisonné encompassing autograph works lost works questionable attributions and incorrect attributions appendices summarizing over 100 documents many not previously cited concerning Orazio's life and work and an extensive collection of photographs showing all of Gentileschi's preserved works canvases panels frescoes mosaics plus a considerable number of doubtful and comparative paintings Reviewers have commented that Bissell has made recent important archival discoveries that never before have Orazio Gentileschi's work been approached on a comparable level Publisher's description

Reimagining the Magdalene Siobhán Jolley, 2025-03-20 This book offers a new intersectional feminist approach to utilising and interpreting the visual reception of Mary Magdalene Through employment of Liberative Reception Criticism which develops traditional reception theory in line with liberative hermeneutics via the

insights of intersectionality as critical theory Siobh n Jolley provides a novel means of analysing how women and particularly the Magdalene are imaged in Christian tradition Knowledge of both the biblical figure of Mary Magdalene and her cultural reception continue to be dominated by long discredited ideas about her life and sexuality which bear the hallmarks of their development under patriarchy Through close study of relevant biblical texts and extracanonical accounts and a comprehensive survey of the Magdalene s presentation in the Italian art of the Counter Reformation Jolley demonstrates that the patriarchal portrayal of the Magdalene as a sexualised penitent and mournful witness to the resurrection is sustained by its mythic attachment to biblical text Rather than adopting the same tropes uncritically we are invited to look again at artworks and related texts in order to explore what happens when the influence of patriarchy is actively and intersectionally resisted Ultimately the Magdalene is transformed from a reductive and patriarchally mythologised figure to a multidimensional character who is relatable and liberative as an exemplar

Forgetting Lot's Wife Martin Harries,2009-08-25 Can looking at disaster and mass death destroy us *Forgetting Lot s Wife* provides a theory and a fragmentary history of destructive spectatorship in the twentieth century Its subject is the notion that the sight of historical catastrophe can destroy the spectator The fragments of this history all lead back to the story of Lot s wife looking back at the destruction of the cities of Sodom and Gomorrah she turns into a pillar of salt This biblical story of punishment and transformation a nexus of sexuality sight and cities becomes the template for the modern fear that looking back at disaster might petrify the spectator Although rarely articulated directly this idea remains powerful in our culture This book traces some of its aesthetic theoretical and ethical consequences Harries traces the figure of Lot s wife across media In extended engagements with examples from twentieth century theater film and painting he focuses on the theatrical theory of Antonin Artaud a series of

American films and paintings by Anselm Kiefer These examples all return to the story of Lot's wife as a way to think about modern predicaments of the spectator On the one hand the sometimes veiled figure of Lot's wife allows these artists to picture the desire to destroy the spectator on the other she stands as a sign of the potential danger to the spectator These works that enact critiques of the very desire that inspires them The book closes with an extended meditation on September 11 criticizing the notion that we should have been destroyed by witnessing the events of that day *French, Dutch, and Flemish Caravaggesque Paintings* Collezione Koelliker (Milan, Italy), 2007 **Baroque Painting in Rome** Hermann Voss, 1997 Tall 4to 200 pp 152 plates Revision translation of the 1925 German edition by Thomas Pelzel **Artemisia Gentileschi and the Authority of Art** R.
