**Oregon Historical Quarterly [1988].** Oregon Historical Society, 1988      **Oregon Historical Quarterly** Oregon Historical Society, 1930      Journal of Women's History Guide to Periodical Literature, 1992 Gayle V Fischer has produced a terrifically useful volume that no research library should be without The Journal of American History an indispensable resource to finding material on women's history throughout the world Journal of World History the work is recommended for its currency depth of coverage and scope Ethnic Forum As part of its mission to disseminate feminist scholarship and serve as the journal of record for the new area of women's history the Journal of Women's History began a compilation of periodical literature dealing with women's history This volume is drawn from more than 750 journals and includes material published from 1980 through 1990 There are forty subject categories and numerous subcategories The guide lists more than 5 500 articles all are extensively cross listed      **African American Women Confront the West, 1600-2000** Quintard Taylor, Shirley Ann Wilson Moore, 2008-08-01 Reconstructs the history of black women's participation in western settlement A stellar collection of essays by talented authors who explore fascinating topics Journal of American Ethnic History African American Women Confront the West 1600 2000 is the first major historical anthology on the topic The editors argue that African American women in the West played active though sometimes unacknowledged roles in shaping the political ideological and social currents that have influenced the United States over the past three centuries Contributors to this volume explore African American women's life experiences in the West their influences on the experiences of the region's diverse peoples and their legacy in rural and urban communities from Montana to Texas and from California to Kansas The essayists explore what it has meant to be an African American woman from the era of Spanish colonial rule in eighteenth century New Mexico to the black power era of the 1960s and 1970s      *"They Are All Red Out Here"* Jeffrey A. Johnson, 2014-10-20 One of early twentieth century America's most fertile grounds for political radicalism the Pacific Northwest produced some of the most dedicated and successful socialists the country has ever seen As a radicalized labor force emerged in mining logging and other extractive industries socialists employed intensive organizational and logistical skills to become an almost permanent third party that won elections and shook the confidence of establishment rivals At the height of Socialist Party influence just before World War I a Montana member declared They are all red out here In this first book to fully examine the development of the American Socialist Party in the Northwest Jeffrey A Johnson draws a sharp picture of one of the most vigorous left wing organizations of this era Relying on party newspapers pamphlets and correspondence he allows socialists to reveal their own strategies as they pursued their agendas in Washington Oregon Idaho and Montana And he explores how the party gained sizable support in Butte Spokane and other cities seldom associated today with left wing radicalism They Are All Red Out Here employs recent approaches to labor history by restoring rank and file workers and party organizers as active participants in shaping local history The book marks a major contribution to the

ongoing debate over why socialism never grew deep roots in American soil and no longer thrives here It is a work of political and labor history that uncovers alternative social and political visions in the American West *Heavens Are Changing* Susan Neylan, 2003 A study of Protestant missionization among the Tsimshianic speaking peoples of the North Pacific Coast of British Columbia during the latter half of the nineteenth century **The Pacific Northwest** Carlos A. Schwantes, 1996-01-01 Carlos Arnaldo Schwantes has revised and expanded the entire work which is still the most comprehensive and balanced history of the region This edition contains significant additional material on early mining in the Pacific Northwest sea routes to Oregon in the early discovery and contact period the environment of the region the impact of the Klondike gold rush and politics since 1945 Recent environmental controversies such as endangered salmon runs and the spotted owl dispute have been addressed as has the effect of the Cold War on the region s economy The author has also expanded discussion of the roles of women and minorities and updated statistical information **Lexington Quarterly**, 1986 Controversy, Conflict and Compromise Keith Petersen, Mary E. Reed, 1994 **The Pacific Raincoast** Robert Bunting, 1997 This work chronicles the struggle for the Douglas fir region from the first sustained contact between native American and Euro American cultures to 1900 when Fredrick Weyerhaeuser s purchase of some of the area completed one of the largest land deals in US history **Oregon's Promise** David Peterson del Mar, 2003 The first history of Oregon to appear in twenty five years Oregon s Promise explores familiar and neglected people and movements in the state s history while challenging readers to view Oregon s past present and future in a new way David Peterson del Mar recognizes that the words Oregon history conjure up images of Lewis and Clark and rugged pioneers But he argues that the explorers impact was both different from and less significant than commonly assumed and that the state s settlers were much more varied contentious complicated and interesting than conventional heroic stereotypes would suggest Oregon s Promise is a concise general history spanning the period from that of the region s earliest inhabitants to the present It moves beyond the more familiar episodes of Oregon history to discuss indigenous peoples before and after contact with whites the profound and evolving impact of broad forces like industrialization and suburbanization and the varied fortunes of a growing stream of people from across the world who have sought the good life in Oregon It explores the tensions behind contemporary disagreements rending our political social and cultural fabric The book s many themes revolve around Peterson del Mar s consideration of how Oregonians have attempted to build a prosperous and just society He examines both the traditional center of Oregon history and its often overlooked margins the people who have struggled to be included in Oregon s promise Each chapter includes brief biographies of noteworthy Oregonians David Peterson del Mar is both a respected historian and an engaging writer with a talent for explaining Oregon s past in a way that will appeal to general readers as well as to scholars and students **America, History and Life**, 1991 *Journal of Women's History*, 1992 Minnesota History Theodore Christian Blegen, Bertha Lion Heilbron, 1926 Vol 6 includes the 23d Biennial report of the Society 1923-24 as an

Sutherland, 1927     The Magazine Subject-index, 1928 Contains the cumulation of the subject index issued in the quarterly numbers of the Bulletin of bibliography and magazine subject index     *The Inland Empire of the Pacific Northwest* George Washington Fuller, 1928     *John Jacob Astor* John D. Haeger, 1991 John Jacob Astor was the best known and most important American businessman for more than a half century His career encompassed the country's formative economic years from the precarious days following the American Revolution to the emergence of an urban centered manufacturing economy in the late 1840s Change was the dominant motif of the period and Astor either exemplified the varied economic social and political changes in his business career or he directly affected the course of events In this biography of John Jacob Astor John Denis Haeger uses Astor's life and his career as a merchant fur trader and land speculator as vehicles for examining several important themes and issues in American economic and urban development between 1790 and 1860 Haeger addresses in fascinating detail the complexity of Astor's business endeavors his extensive connections with the country's dominant political figures and the modern business strategies and managerial techniques that he used to build his business empire Astor was clearly not a business revolutionary who radically altered an existing system He was however an entrepreneur who exerted a profound change on an industry He fascinated his contemporaries precisely because he so mirrored his age and its changing business and economic patterns He grasped the greater size and complexity of an emerging commercial economy in post Revolutionary America and adopted strategies and structures that transformed the fur and China trades His investment in city real estate stocks bonds and even a western city made him part of America's evolution into an urban industrial society For his era John Astor's career was remarkable for its modernity vision and reflection of American economic and political values More than just a personal biography John Jacob Astor combines economic theories with a fascinating narrative that demonstrates like no other book has Astor's impact on the early republic John Denis Haeger is a professor of history assistant vice president for research and dean in the School of Graduate Studies at Central Michigan University He is a founder and former editor of Michigan Historical Review and the author of *The Investment Frontier* Haeger earned his PH D from Loyola University in Chicago

**The Golden Ghetto** Jacques M. Downs, 1997 Also included are short histories of the resident American firms sketches of the lives and personalities of a number of American China traders and a comparative study of the trade organization and culture of these firms This part of the study breaks entirely new ground and is necessary for an understanding of the formation of later American policy Finally the book examines the first American diplomatic mission to China in 1843
