**Margaret Atwood's Dystopian Fiction** Sławomir Kuźnicki,2017-05-11

This volume details Margaret Atwood's dystopian novels through the themes of the ambivalent ethics of science and technology the position of women in the male dominated world and the ambiguous role played by religion and spirituality The

book's unique and original approach places Atwood's fiction within the contemporary world with all the problems of our fast changing reality. Furthermore, it provides an excellent reading of her dystopias in a broader humanist context with an emphasis on the social, cultural, and political issues that have been important for both the writer and us the readers.
