Major Problems In Childhood Cancer:

Major Problems in Childhood Cancer Carl Pochedly,Thomas F. Necheles,1973 **Childhood Leukemia and Cancer, An Issue of Pediatric Clinics** Yaddanapudi Ravindranath,2014-12-26 This issue concentrates on the current evidence and the collected experience of pediatric oncologists who care for cancer patients The individual articles will provide the general pediatrician with a comprehensive primer on diagnosing and managing various types of cancers in the child with cancer A cancer diagnosis is no longer a death sentence so management and monitoring is very important and covered in every article *Childhood Cancer* Honna Janes-Hodder,Nancy Keene,2014-03-01 This second edition of the most complete parent guide available features detailed and precise medical information about solid tumor childhood cancers including neuroblastoma Wilms tumor liver tumors soft tissue sarcomas and bone sarcomas In addition it offers day to day practical advice on how to cope with procedures hospitalization family and friends school financial issues and communication Woven among the medical details and the practical advice are the voices of parents and children who have lived with cancer and its treatments As many parents know advice from veteran parents can be a lifeline Obtaining a basic understanding of topics such as medical terminology how drugs work common side effects of chemotherapy and how to work more effectively with medical personnel improves the quality of life for the whole family Having parents describe their own emotional ups and downs how they coped and how they molded their family life around hospitalizations can be a tremendous comfort Just knowing that there are other kids on chemotherapy who refuse to eat anything but tacos or who have frequent rages can make one feel less alone Parents who read this book will find understandable medical infomation obtain advice that eases their daily life and feel empowered to be strong advocates for their child It also contains a personal treatment summary and long term follow up guide for your child to keep as a permanent record **Making Better Drugs for Children with Cancer** National Research Council,Institute of Medicine,National Cancer Policy Board,Committee on Shortening the Time Line for New Cancer Treatments,2005-05-01 The successes that have been achieved in treating childhood cancers stand as beacons against the less dramatic improvements for adults with cancer Progress began to accelerate in the 1960s and 1970s as treatment regimens were built up primarily by building combinations of chemotherapeutic drugs However the near absence of research in pediatric cancer drug discovery threatens to halt the progress in childhood cancer treatment achieved during the past four decades Making Better Drugs for Children with Cancer identifies the major issues to be addressed in developing new agents for childhood cancers the gaps in research and development and the steps that have been suggested to move the process forward This report also makes a new proposal to capitalize on today s science to bring new treatments to children s cancers *Global Perspectives on Cancer* Kenneth D. Miller M.D.,Miklos Simon MD,2015-02-03 Two leading oncologists along with experts spanning several medical disciplines shed light on the global pandemic of cancer particularly the difference in diagnosis treatment and care between global communities Despite advancing globalization and amazing

breakthroughs in modern medicine developing countries continue to struggle with the prevention and treatment of the most common killer in the world today cancer Logistical barriers scarceness of resources and economic hardships in these regions make the screening detection and care of this disease difficult at best This book is the only one of its kind to review the pandemic of cancer from a global and epidemiological perspective The work is presented in three sections focusing on key issues in cancer management treatment of specific types of the disease and the difference in medical care between low medium and high resource countries Chapters address the history incidence and treatment across nations presiding cultural attitudes which may delay or prevent treatment in many parts of the world and the geopolitics of cancer care and funding Patients and caregivers from all around the globe explain the daily challenges of living with the disease in their nation
