Amsterdam mirroring the LA photographs The circumstances of his disappearance have led many interpreters to identify Ader as a person with the role of the tragic romantic hero The cult status of the artist as a hero whose work is authenticated through his death however has obscured the fact that Ader's art was a critical investigation of precisely those romantic motives his persona has now come to be identified with This book unpicks these ties in Ader's work in order to highlight the specific and unique way in which Ader explores the existential and emotional with an artistic approach that is as conceptual and analytic as it is poetic and personal Afterall Books are distributed by The MIT Press *Making a Leap* Sara
