**Love to Roget's Wife** Ron Koertge,2001-07-01 In plain unpretentious language with brutal honesty Ron Koertge can meld violence love human ugliness joy and modern depravity into a short lyric that makes us laugh out loud or socks us in the gut His images arrive in giant clown shoes cigars the size of Florida the plastic man's counter length arms or neatly packaged in carefully observed detail as he writes of the black little hearts of ants or an ape's dark and leathery breast Through every poem there runs a constant and sincere humanity a voice that laughs at itself often goads us a bit but always stuns and enlightens us when we discover something of ourselves gambling with the crowd at the racetrack driving from the parking lot of the Mexican restaurant or shambling with the distraught parent leaving the hospital In **Making Love to Roget's Wife** Ron Koertge offers his best work from twenty three years and a dozen earlier collections With twenty five new poems and over eighty from previous books this selection reawakens us to the presence of a superbly honed comic voice

### **Seven for a Secret**

**A Companion to Pablo Neruda** Jason Wilson,2014-08

Pablo Neruda was without doubt one of the greatest poets of the twentieth century but his work is extremely uneven. There is a view that there are two Nerudas an early Romantic visionary and a later Marxist populist who denied his earlier poetic self. By focussing on the poet's apprenticeship and by looking closely at how Neruda created his poetic persona within his poems this Companion tries to establish what should survive of his massive output. By seeing his early work as self exploration through metaphor and sound as well as through varieties of love and direct experience the Companion outlines a unity behind all the work based on voice and a public self. Neruda's debt to reading and books is studied in depth and the change in poetics re-examined by concentrating on the early work up to *Residencia en la tierra* I and II and why he wanted to become a poet. Debate about quality and representativity is grounded in his Romantic thinking sensibility and sincerity. Unlike a Borges or a Paz who accompanied their creative work with analytical essays Neruda distilled all his experiences into his poems which remain his true biography. Jason Wilson is Professor Emeritus in the Department of Spanish and Latin American Studies University College London.
