New Perspectives on Women and Comedy Regina Barreca, 2022-04-26 First published in 1992, the twenty-one original essays in this volume explore the way women have used humor to break down cultural stereotypes between the genders. Examples from literature and the performing arts deal with humor and violence, humor and disability, humor and the supposition of women's shame, lesbian and ethnic humor, and particularly women's responses to men's humor. The essayists present traditional issues from new perspectives and take us from Italy in the Renaissance to today's New York comedy clubs. They may make you laugh, they may make you nervous. They will certainly make you reevaluate the importance of placing women at the center of a discussion of comedy

Literary Essays on Explicable Splendours Ethan Lewis, 2019-10-29 A literary critic aspires to eloquence, though makes no pretense to mirror the sublimity of the monuments inspiring his endeavors. Poets express their wonder through works of art. Critics articulate their homage via analysis of art's workings. Hence these essays and lectures addressed to the quizzical, though not of necessity scholarly, reader explore Shakespeare and noted re-envisioners of the Bard, four modern novels that interrogate identity and underappreciated works and writers. They conclude with a series of pensees.
