Making Globalisation Robert Holton, 2005-07-08 Publisher description **Making Globalization Work** Joseph E. Stiglitz, 2007-09-17 A damning denunciation of things as they are and a platform for how we can do better Andrew Leonard Salon Building on the international bestseller *Globalization and Its Discontents* Joseph E Stiglitz offers here an agenda of inventive solutions to our most pressing economic social and environmental challenges with each proposal guided by the fundamental insight that economic globalization continues to outpace both the political structures and the moral sensitivity required to ensure a just and sustainable world As economic interdependence continues to gather the peoples of the world into a single community it brings with it the need to think and act globally This trenchant intellectually powerful and inspiring book is an invaluable step in that process **Making Globalisation** Robert J. Holton, 2017-03-23 This book offers a clear and concise account of the key debates in the globalization literature serving as an accessible introduction to students new to the topic It deals even handedly with all the various dimensions of globalization political economic social and cultural and particularly draws attention to the role of people in processes of globalization The book s historical dimension and its multicultural focus ensure that globalization is shown neither to be an inexorable process nor one that can be equated simply with Westernization **Making Globalization Work** Joseph E. Stiglitz, 2007 This book focuses on policies that truly work offering fresh new thinking about the questions that shape the globalization debate including a plan to restructure a global financial system made unstable by America s debt ideas for how countries can grow without degrading the environment a framework for free and fair global trade and much more Throughout the author reveals that economic globalization continues to outpace both the political structures and the moral sensitivity required to ensure a just and sustainable world And he makes plain the real work that all nations must undertake to realize that goal Dust jacket **Making Globalisation** Robert Holton, 2005-07-08 This book offers a clear and concise account of the key debates in the globalization literature serving as an accessible introduction to students new to the topic It deals even handedly with all the various dimensions of globalization political economic social and cultural and particularly draws attention to the role of people in processes of globalization The book s historical dimension and its multicultural focus ensure that globalization is shown neither to be an inexorable process nor one that can be equated simply with Westernization **Making Globalization Good** John H.
