Making Love Grow

George John Romanes

Making Love Grow:

As I See It Cody Coffey,2010-03 People will be interested in this book because it offers insight and a different look at the cycle of life and death and why they are never ending The who what where and why are just fill ins for the curious but logical questions and answers that we ponder as humans I hope to take it further by examining the meaning behind the meaning The possibilities and the consequences of ignoring the very basis of not just life but the survival of humanity that we are not here by some kind of accident in the cosmos What happens and transpires when people no longer feel a purpose to life and this feeling causes an insurrection and destruction of one s soul where not only do they lash out at each other they eventually despise themselves This issue is what happens in the absence of God in one s life and how the soul starves while the flesh feasts in misery and selfishness The absence of purpose which is a greater good God causes a systematic breakdown where the tentacles of misery and chaos run wild as one adopts the mentality of every man women and child The more selfish people become the less they care about those further and further away from their personal space to the point where they do not care about their own country their own state community right up to their own backyard As evil advances the faithless retreat one grows more and more selfish in the absence of God Good and evil right and wrong become meshed together and a veil of gray causes one unable to discern between the two Cody Coffey,2009-11 I wrote this book because I feel there is a reason for all that is going on in the world a cauldron of misery suffering anguish and strife Everyone is caught up in it and those who feel they are not or feel they have an educated reason and philosophy for what they see are not seeing the bigger picture Most people come up with the biggest most elaborate questions and answers but most do not tap into another reason or meaning for what life is about and what is transpiring What if there is a very deeper meaning deeper purpose besides the basic fundamentals of life that we know of and our purpose here What if everything we say do and think about are just conforming to our own selfish reasons I am trying to put forth the argument of what the real reasons are The answers so many accept and try to figure out based on nothing else but the theoretical speculation and trial and error The most brilliant minds in the world the most compelling arguments explanations and theories have played and still play a major role into where we are where we are going and what we have reduced ourselves to While many may look to rationalize an incoherent world with rational thought many are ignoring what could be a devastating calamity taken place right under our noses Something so subtle that it is less resound then a feather hitting the ground half way around the world yet would have the impact to wipe out humanity or create hell on earth **The Yoga of Truth** Peter Marchand,2007-05-22 A guide to Jnana Yoga the Way of Silent Knowledge by direct contemplation of the Unchangeable Shows that everything in one s body personality thoughts memories and experiences has form and is changeable and thus is neither essential nor eternal Identifies the witnessing consciousness within all that remains when the ephemeral is eliminated as the real Self the one and only unchanging eternal Being In The Yoga of Truth Peter Marchand through a series of deceptively simple introspective

questions leads the seeker into discarding everything body personality thoughts memories experiences that disguises the ego's relentless masquerade as the Self This form of contemplation with its constant commitment to witnessing without attachment disempowers the ego's fixation on its products leading instead to the realization that the witnessing consciousness is in fact the one immutable Being within or without the real Self the true You The universal illusion rests upon space and time body and elements the life force mind intellect ego and Self Jnana Yoga reveals not only the insubstantial and illusory nature of our presumptions but also our habitual commitment to the illusion of being an individual that they create This illusion collapses like a house of cards before direct inspection When something has form when it can change it cannot be the eternal with which we seek union Witnessing consciousness stands alone as that which is without form In The Yoga of Truth Marchand leads us simply and compellingly to the truth of our nature and the peaceful bliss of true Being **Catalog of Copyright Entries** Library of Congress.
