**MODERN  
RUSSIA**

LIONEL KOCHAN AND  
RICHARD ABRAHAM

# Making Modern Russia

**Ivo Mijnsen**

## **Making Modern Russia:**

[The Making of Modern Russia](#) Lionel Kochan, Richard Abraham, 1983      **The Making Modern Russia** Lionel Kochan, 1977      *The Making of Modern Russia* Lionel Kochan, 1973      *Myth Making in the Soviet Union and Modern Russia* Vicky Davis, 2017-11-30 The 1943 battle to free the Soviet Black Sea port of Novorossiisk from German occupation was fought from the beach head of Malaia zemlia where the young Colonel Leonid Brezhnev saw action Despite widespread scepticism of the state's appropriation and inflation of this historical event the heroes of the campaign are still commemorated in Novorossiisk today by an amalgam of memoir monuments and ritual Through the prism of this provincial Russian town Vicky Davis sheds light on the character of Brezhnev as perceived by his people and on the process of memory for the ordinary Russian citizen Davis analyses the construction and propagation of the local war myth to link the individual citizens of Novorossiisk with evolving state policy since World War II and examines the resultant social and political connotations Her compelling new interdisciplinary evidence reveals the complexity of myth and memory challenging existing assumptions to show that there is still scope for the local community and even the individual in memory construction in an authoritarian environment This book represents a much needed departure from the study of myth and memory in larger cities of the former Soviet Union adding nuance to the existing portrait of Brezhnev and demonstrating the continued importance of war memory in Russia today      *The Making of Modern Russia* Lionel Kochan, John L. H. Kee, 1997 Drawing on documentation only recently made available in the West this extensively revised and updated edition reflects current views in Russia and abroad on the country's past as it approaches the new millennium **BOOK JACKET Title Summary** field provided by Blackwell North America Inc All Rights Reserved      **Power in modern Russia** Andrew Monaghan, 2017-09-20 The book explores the Russian leadership's strategic agenda and illuminates the range of problems it faces in implementing it Given these difficulties and the Russian leadership's concerns about an unstable and increasingly competitive world the Russian official and expert community often use the term mobilisation to describe the measures that Moscow is increasingly resorting to in order to implement its agenda The book explores what this means and concludes that many of the terms used in the Western debate about Russia both misdiagnose the nature of the challenge and misrepresent the situation in Russia At a time when many of the books about Russia are focused specifically on the war in Ukraine and the deterioration in relations between the Euro Atlantic community and Russia or are biographies of Vladimir Putin it offers a new and unique lens through which to understand how Russia works and how Russian domestic and foreign politics are intimately linked      **The Making of Russian History** Rex A. Wade, 2009      **Russia's Hero Cities** Ivo Mijnssen, 2021-05-04 World War II known as the Great Patriotic War to Russians ravaged the Soviet Union and traumatized those who survived After the war memory of this anguish was often publicly repressed under Stalin But that all changed by the 1960s Under Brezhnev the idea of the Great Patriotic War was transformed into one of victory and celebration In Russia's Hero Cities Ivo Mijnssen reveals how

contradictory national recollections were revised into an idealized past that both served official needs and offered a narrative of heroism. This triumphant narrative was most evident in the creation of 13 Hero Cities now located across Russia, Belarus and Ukraine. These cities, which were host to some of the fiercest and most famous battles, were named champions. Brezhnev's government officially recognized these cities with awards, financial contributions and ritualized festivities. Their citizens also encountered the altered history at every corner on manicured battlefields, in war memorials and through stories at the kitchen table. Using a rich tapestry of archival material, oral history interviews and newspaper articles, Mijnssen provides a thorough exploration of two cities in particular, Tula and Novorossiysk. By exploring the significance of Hero Cities in Soviet identity and the enduring but conflicted importance they hold for Russians today, Russia's Hero Cities exposes how the Great Patriotic War no longer has the power to mask the deep rifts still present in Russian society.
