Making Money in Japanese Stocks Martin Roth, 1989

Making Money Gary G. Hamilton, Kao Cheng-shu, 2017-12-12

Beginning in the 1950s Taiwan rapidly industrialized becoming a tributary to an increasingly borderless East Asian economy And though President Trump has called for the end of American carnage the loss of U S manufacturing jobs domestic retailers and merchandisers still willingly ship production overseas primarily to Taiwan In this book Gary G Hamilton and Cheng shu Kao show how Taiwanese businesspeople have played a tremendous unsung role in their nation s continuing ascent From prominent names like Pou Chen and Hon Hai to the owners of small and midsize firms Taiwan s contract manufacturers have become the world s most sophisticated suppliers of consumer products the world over Drawing on over 30 years of research and more than 800 interviews Hamilton and Kao tell these industrialists stories The picture that emerges is one of agile neo capitalists caught in the flux of a rapidly changing landscape who tirelessly endeavor to profit on it Making Money reveals its subjects to be at once producers of economic globalization and its byproducts While the future of Taiwanese business is uncertain the durability of demand led capitalism is not *How I Make Money in Trading - and How You Can, Too!* Vijay Gupta, 2019-06-19 REVEALED The money making methods of a medical doctor turned a successful trader Like millions Dr Vijay Gupta began investing in the stock market hoping to increase his income and wealth Like millions he ran into early losses Unlike others who give up he taught himself how to make money in the stock market and created his own trading system which has made him consistent profits for more than a decade of market ups and downs This book reveals his secrets in his own words Actually there is only one secret knowledge An individual trader should not consider himself disadvantaged because of small capital But if his market knowledge is limited then he is indeed vulnerable I was not satisfied with methods which required too many subjective judgements I came to realize that to be successful traders must have a simple mechanical system of trading I have made consistent profits over a long period using the mechanical trading system I have revealed in this book My trading income has now surpassed my income from medical practice That is what I had aimed for It has come true I believe my trading system is the best It works for me and might work for you too You can also easily adapt my system to suit you style That s why I wrote this book so that you too can make money from trading
