Making Of The Modern Family:

The Making of the Modern Family Edward Shorter, 1975 *Making Modern Family* Edward Shorter, 1977-10-12 Traces and assesses the discernible factors and determinants of the gradual transformation of the Western family over the last three hundred years from extended to nuclear Max Weber and the Idea of Economic Sociology Richard Swedberg, 2018-06-05 While most people are familiar with The Protestant Ethic and the Spirit of Capitalism few know that during the last decade of his life Max Weber 1864 1920 also tried to develop a new way of analyzing economic phenomena which he termed economic sociology Indeed this effort occupies the central place in Weber s thought during the years just before his death Richard Swedberg here offers a critical presentation and the first major study of this fascinating part of Weber s work This book shows how Weber laid a solid theoretical foundation for economic sociology and developed a series of new and highly evocative concepts He not only investigated economic phenomena but also linked them clearly with political legal and religious phenomena Swedberg also demonstrates that Weber s approach to economic sociology addresses a major problem that has haunted economic analysis since the nineteenth century how to effectively unite an interest driven type of analysis popular with economists with a social one of course preferred by sociologists Exploring Weber s views of the economy and how he viewed its relationship to politics law and religion Swedberg furthermore discusses similarities and differences between Weber s economic sociology and present day thinking on the same topic In addition the author shows how economic sociology has recently gained greater credibility as economists and sociologists have begun to collaborate in studying problems of organizations political structures social problems and economic culture more generally Swedberg s book will be sure to further this new cooperation **The making of the modern family** ,1976 *Foreign Operations, Export Financing, and Related Programs Appropriations for Fiscal Year 1998* United States.
