Variations of the Bones of the Hands and Feet Thomas Dwight, 1908

Give Me Back My Bones! Kim Norman, 2019-07-16 A silly pirate skeleton seeks to put its bones back together in this rhyming romp beneath the waves Cast a spyglass round here while breakers curl and pound here There's treasure to be found here I feel it in my bones A stormy night at sea has uncovered some long buried secrets and surprises Is that the mast of a shipwreck A faded pirate hat And what's that hiding in the sand A mandible and a clavicle phalanges and femurs a tibia and a fibula could there be a set of bones scattered across the ocean floor And who might they belong to A jaunty rhyme takes readers on an underwater scavenger hunt as a comical skeleton tries to put itself back together piece by piece Make no bones about it this rollicking read aloud will have young ones learning anatomy without even realizing it

Dem Bones Bob Barner, 2016-08-02 Sing along with a colorful skeleton band in this exuberant rendition of a traditional most loved African American spiritual passed down by word of mouth for generations Today it's usually sung by children as a way to learn anatomy rhyme and lang

Variations of the Bones of the Hands and Feet Thomas Dwight, 2012-01 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy
