Make New Members Active Members:

Health Fitness Management Mike Bates, Michael J. Spezzano, Mike Spezzano, Guy Danhoff, 2019 *Health Fitness Management* Third Edition is the fundamental resource for the management and operation of health and fitness facilities and programs. **Membership Matters** Chuck Lawless, 2009-05-26 *Insights from Effective Churches on New Member Classes and Assimilation* Findings from a national study to improve membership classes and to motivate current members into active ministry. How do churches move members both old and new into ministry? Many church staff and lay leaders know they need to start new member classes as a point of entry into their churches but don't know how. This book is based on a national study of effective churches and shows how growing churches implement new member classes and motivate their members into ministry. *Membership Matters* is designed to be a guide for church leaders wanting to start or improve a membership class. It includes models for classes and examples of resources such as church covenants, class schedules and lesson outlines. It also gives direction on motivating uninvolved members to participate in ministry. One chapter chronicles an ongoing discussion among pastors of growing churches that are effectively motivating members to do ministry.

Successful Programs for Fitness and Health Clubs Sandy Coffman, 2007 In today's world a club needs to offer more than state of the art equipment and certified fitness instructors to recruit and retain members. You need something that will appeal to your members and keep them coming back. In *Successful Programs for Fitness and Health Clubs 101 Profitable Ideas* you will learn how to utilize programming to meet your strategic and financial goals. Written by internationally respected programming consultant Sandy Coffman, this book will teach you exactly what programming is and how to make it work for you. *Successful Programs for Fitness and Health Clubs 101 Profitable Ideas* presents more than 100 ready to use programs for use in fitness centers, group exercise studios, pools, gyms and classrooms. The programs are designed to get hundreds of new members involved immediately. But the text is far more than just a program recipe book. Coffman addresses the challenges faced in programming including teaching skills, communication skills, marketing techniques and follow up procedures. Her advice will help you design programs that unite members with common interests and abilities and foster a sense of belonging and commitment. Such programming leads to increased participation, reduced attrition, greater retention, more referrals, less downtime and improved staff productivity. The text will first lay the foundation for programming by presenting the key principles and concepts that need to be considered. Part I explores the five steps to programming success, the 10 keys to member retention, hiring and training the right people, why a program director is needed, internal and external promotions and niche marketing. By understanding and using the information in Part I you can successfully implement the programs in Part II. Here you will find 101 actual programs with numerous variations including ideas for court sports, group exercise and programs aimed at adults, families, kids, seniors and women covering a broad range of fitness levels from beginners and intermediates to advanced participants. It also includes programming for specific time frames such as the holiday season.
