Making Democracy Work:

Making Democracy Work Robert D. Putnam, Robert Leonardi, Raffaella Y. Nanetti, 1994-05-27 A classic New York Times Seminal epochal path breaking a Democracy in America for our times The Nation From the bestselling author of Bowling Alone a landmark account of the secret of successful democracies Why do some democratic governments succeed and others fail In a book that has received attention from policymakers and civic activists in America and around the world acclaimed political scientist and bestselling author Robert Putnam and his collaborators offer empirical evidence for the importance of civic community in developing successful institutions Their focus is on a unique experiment begun in 1970 when Italy created new governments for each of its regions After spending two decades analyzing the efficacy of these governments in such fields as agriculture housing and healthcare they reveal patterns of associationism trust and cooperation that facilitate good governance and economic prosperity The result is a landmark book filled with crucial insights about how to make democracy work

Making Democracy Work Better Richard A. Couto, 2003-07-11 The decade of the 1980s marked a triumph for market capitalism As politicians of all stripes sought to reinvent government in the image of private enterprise they looked to the voluntary sector for allies to assuage the human costs of reductions in public policies of social welfare This book details the savage side of market capitalism in Appalachia and explains the social political and economic roles that mediating structures play in mitigating it Profiling the work of twenty three such mediating structures community based organizations that battled to provide social safety nets fight environmental assaults and upgrade the education and job skills of Appalachian residents Richard Couto distills the practical lessons to be found in their successes and shortcomings Couto argues that a broader set of democratic dimensions be used in taking the measure of civil society and public policy in the twenty first century He shows that mediating structures promote the democratic prospect of reduced inequality and increased communal bonds when they provide and advocate for new forms and increased amounts of social capital the public goods and moral resources that we invest in one another as members of a community

Why Politics Matters Gerry Stoker, 2006-08-22 Achieving mass democracy was the great triumph of the twentieth century Learning to live with it will be the greatest achievement of the twenty first century A rising tide of discontent is posing a major crisis for systems of mass democracy the evidence is clear to see in reduced turnout and party membership and in opinion surveys The failures of politicians have played their part but Gerry Stoker argues equally important are the dysfunctional political stances and styles adopted by many citizens Democratic politics he argues is doomed to disappoint because it involves collective decision making demands complicated communication and generally produces a messy compromise one size fits no one So what is the solution Stoker suggests that democracy and the political class must create a new politics making it as easy as possible for as many people as possible to express and debate their political preferences

Making Democracy Work Robert D. Putnam, 1993 Why do some democratic governments succeed and others fail In a book that has received attention from policymakers and civic activists

in America and around the world Robert Putnam and his collaborators offer empirical evidence for the importance of civic community in developing successful institutions Their focus is on a unique experiment begun in 1970 when Italy created new governments for each of its regions After spending two decades analyzing the efficacy of these governments in such fields as agriculture housing and health services they reveal patterns of associationism trust and cooperation that facilitate good governance and economic prosperity *You Won--Now What?* Christopher Riback,Taegan D. Goddard,1999-01-06 A COMMONSENSE ROAD MAP FOR MAKING OUR GOVERNMENT WORK As public officials fail to deliver their campaign promises and voter cynicism skyrockets a simple explanation has become widely accepted Government is broken If only we could fix this system voters hope our democracy would work the way it was designed But is government broken or are the people we hire each Election Day not up to the job You Won Now What turns the tables on the government reform debate The answer is not to reinvent government but to reinvent government officials Taegan D Goddard and Christopher Riback use real life stories to analyze the failures and successes of politicians from every level of government Drawing on these examples the authors identify the eight traits of effective public officials These commonsense solutions prove that government is personal good people can make a difficult system work You Won Now What explains to politicians and voters alike how government works and how it can work better *Making Democracy Work* National Federation of Settlements and Neighborhood Centers,1968 *Reinventing Accountability* A. Goetz,R. Jenkins,2004-12-16 A deepening crisis in accountability in developing democracies has triggered much debate on accountability and the mechanisms needed for overcoming deficiencies of democracy This book analyzes a wide variety of contemporary efforts to reform accountability systems in developing countries *Making Social Capital Work* Carles Boix,Daniel N. Posner,1996 *Making Our Democracy Work* Stephen Breyer,2011-09-13 Charged with the responsibility of interpreting the Constitution the Supreme Court has the awesome power to strike down laws enacted by our elected representatives Why does the public accept the Court s decisions as legitimate and follow them even when those decisions are highly unpopular What must the Court do to maintain the public s faith How can it help make our democracy work In this groundbreaking book Justice Stephen Breyer tackles these questions and more offering an original approach to interpreting the Constitution that judges lawyers and scholars will look to for many years to come *Congressional Record Index* ,1965 Includes history of bills and resolutions **Congressional Record** United States. Congress,1965 **Making Democracy Work ...** Howard Coonley,1941 *The Media* Christel Bussiek,2004 **The Myth of Civil Society** O. Encarnación,2015-12-25 Almost irrespective of the geographic setting the debate about the future of democracy in post authoritarian societies is increasingly tied to the strength of civil society A strong civil society is thought to be crucial to the emergence of successful democracies while a weak civil society is deemed the cause of flawed or frozen democracies Using contrasting evidence from Spain and Brazil this study challenges these widespread assumptions about contemporary democratization It argues that it is the performance of

political institutions rather than the configuration of civil society that determines the consolidation of democratic regimes

Making Democracy Work by Robert D. Putnam Arnaldo Bagnasco, Robert D. Putnam, Robert Leonardi, Raffaella Nanetti, Michael Dunford, 1996 **Making Democracy Work for Pro-poor Development** Manmohan Singh, Commonwealth Secretariat, 2003 This report focuses on how to make democracy work for pro poor development and on development policies that in themselves uphold and promote democratic values It argues that development and democracy are not only goals in their own right but must also be mutually reinforcing It says that governments the private sector civil society and the international community all have a vital role to play in delivering development and democracy and calls for responsibility partnership and concrete actions The report contains recommendations for action at both national and international levels It is of interest to policy makers multilateral and bilateral agencies the private sector civil society organisations and all those committed to development democracy and the achievement of the Millennium Development Goals

Making Democracy Work and Grow United States. Office of Education, 1948 **Making Democracy Work** Walter Evert Myer, Clay Coss, 1939 Making Democracy Work , 1956 *Coming to Public Judgment* Daniel Yankelovich, 1991 In this work the foremost figure in American public opinion research offers a provocative prescription for strengthening the public s hand in its silent power struggle with the experts Yankelovich sees a need for a proper balance of power and influence between the public and elite groups
