## **Making Christians:**

Making Christians Denise Kimber Buell, 2020-11-10 How did second century Christians vie with each other in seeking to produce an authoritative discourse of Christian identity In this innovative book Denise Buell argues that many early Christians deployed the metaphors of procreation and kinship in the struggle over claims to represent the truth of Christian interpretation practice and doctrine In particular she examines the intriguing works of the influential theologian Clement of Alexandria ca 150-210 CE for whom cultural assumptions about procreation and kinship played an important role in defining which Christians have the proper authority to teach and which kinds of knowledge are authentic Buell argues that metaphors of procreation and kinship can serve to make power differentials appear natural She shows that early Christian authors recognized this and often turned to such metaphors to mark their own positions as legitimate and marginalize others as false Attention to the functions of this language offers a way out of the trap of reconstructing the development of early Christianity along the axes of heresy and orthodoxy while not denying that early Christians employed this binary Ultimately Buell argues strategic use of kinship language encouraged conformity over diversity and had a long lasting effect both on Christian thought and on the historiography of early Christianity A perceptive and closely argued contribution to early Christian studies Making Christians also branches out to the areas of kinship studies and the social construction of gender Talk Them Into It Jonathan M Fisk, 2020-08-30 IT'S NOT HARD Not if by hard you mean complex You don't need an array of expertise though you will need a bit of beggar's grit It takes discipline to engage your patience in a conversation with a mind that is hostile to God But you must do so if you are ever going to help the people you know ask and answer the important questions of life together This is a how to book for learning what the Holy Spirit is doing today It is a simple manual for getting people baptized into the Kingdom of Jesus You talk them into it All rights reserved under the Creative Commons Attribution 4.0 International CC BY 4.0 The Making of a Christian Bestseller Ann Byale, 2006 This book contains success stories and inspired interviews from the work of Christian publishing *Making a Successful Journey as a Christian* Elder William D. Holmes, 2020-12-14 This book discusses the everyday living as a Christian in this present world Explains the different forms of Satan How he was thrown out of Heaven by God along with other fallen angels Goes into the fall of man unto Jesus coming into this world to save us from our sins It talks about the power of the blood of Christ to cleanse your conscious free of sin and the real Baptism of the Holy Ghost Fire to help you live a life pleasing unto God in Holiness It discusses how to resist the many temptations of Satan Talks about the evils of Slavery in the United States and Civil Rights issue Honors great men and women who paved the way to end the evils Slavery and give equal rights unto the African American Settles the racist debate over Jesus not to argue over His complexion but accept him who He is the spotless Lamb of God We need to love one another regardless to the color of our skin Encourages Christians to get in the place so God can use you as an instrument to demonstrate His marvelous power to Heal all sickness and work miracles This a very powerful book to make a person a real

Stackhouse,2008-03-05 What should be the Christian s attitude toward society When so much of our contemporary culture is at odds with Christian beliefs and mores it may seem that serious Christians now have only two choices transform society completely according to Christian values or retreat into the cloister of sectarian fellowship In *Making the Best of It* John Stackhouse explores the history of the Christian encounter with society the biblical record and various theological models of cultural engagement to offer a more balanced and fruitful alternative to these extremes He argues that rather than trying to root up the weeds in the cultural field or trying to shun them Christians should practice persistence in gardening God s world and building toward the New Jerusalem Examining the lives and works of C S Lewis Reinhold Niebuhr and Dietrich Bonhoeffer for example and direction Stackhouse suggests that our mission is to make the most of life in the world in cooperation with God s own mission of redeeming the world he loves This model takes seriously the pattern of God s activity in the Bible and in subsequent history of working through earthly means through individuals communities and institutions that are deeply flawed but nonetheless capable of accomplishing God s purposes Christians must find a way to live in this world and at the same time do work that honors God and God s plan for us In an era of increasing religious and cultural tensions both internationally and domestically the model that Stackhouse develops discourages the all or nothing attitudes that afflict so much of contemporary Christianity Instead he offers a fresh and refreshingly nuanced take on the question of what it means to be a Christian in the world today      *Prayers and Other Pieces* Thomas Becon,1844      Mission Studies Edward Pfeiffer,1908      *Intentional* Brandon Guindon,2023-09-12 Rediscover the intentional disciple making methods of Jesus Christ Today churches and their leaders relentlessly pursue innovation of the next new idea that will somehow capture the attention of the spiritually lost yet very few Christians know how to walk out a day to day lifestyle of intentional disciple making Drawing from decades of experience making disciples pastor Brandon Guindon will show you how Jesus call to Go and Make Disciples can become more than just a vague church slogan when we relearn the discipleship methods that Jesus modeled for us *Intentional* introduces eight principles of disciple making exposing their gospel roots and practical nature principles such as Listening with the genuine intent to understand different voices and experiences Looking for and developing the potential in others Knowing when to firmly speak the truth and when to allow yourself to be interrupted Living a lifestyle of discipleship yourself Jesus Christ intentionally disciplined twelve people every day for three and a half years and then commanded us to go and make disciples as well And he empowered us by

sending us the indwelling Holy Spirit to guide us The early church thrived and expanded by imitating the intentional relational methods Jesus modeled yet somewhere along the way we lost sight of the simple truth that Jesus methods of disciple making are as holy as his message It s time relearn those methods examine the obstacles in our lives that prevent us from imitating the ancient ways of Christ and approach all our relationships differently making disciples in Jesus name and growing spiritually in the process

**The Great Omission** Dallas Willard,2006-06-13 The last command Jesus gave the church before he ascended to heaven was the Great Commission the call for Christians to make disciples of all the nations But Christians have responded by making Christians not disciples This according to brilliant scholar and renowned Christian thinker Dallas Willard has been the church s Great Omission The word disciple occurs 269 times in the New Testament writes Willard Christian is found three times and was first introduced to refer precisely to disciples of Jesus The New Testament is a book about disciples by disciples and for disciples of Jesus Christ But the point is not merely verbal What is more important is that the kind of life we see in the earliest church is that of a special type of person All of the assurances and benefits offered to humankind in the gospel evidently presuppose such a life and do not make realistic sense apart from it The disciple of Jesus is not the deluxe or heavy duty model of the Christian especially padded textured streamlined and empowered for the fast lane on the straight and narrow way He or she stands on the pages of the New Testament as the first level of basic transportation in the Kingdom of God Willard boldly challenges the thought that we can be Christians without being disciples or call ourselves Christians without applying this understanding of life in the Kingdom of God to every aspect of life on earth He calls on believers to restore what should be the heart of Christianity being active disciples of Jesus Christ Willard shows us that in the school of life we are apprentices of the Teacher whose brilliance encourages us to rise above traditional church understanding and embrace the true meaning of discipleship an active concrete 24 7 life with Jesus [Annual Report](#)
