Making Of Modern Turkey:

The Making of Modern Turkey Ahmad Feroz, 2002-11 Textbook providing a thorough assessment of the political social and economic processes which led to the formation of a new Turkey socio economic change is emphasised throughout

The Making of Modern Turkey Sir Harry Luke, 1936 **The Making of Modern Turkey** Uğur Ümit Üngör, 2011 Offers a novel perspective on the establishment of the Turkish nation state and highlights how the Young Turk regime from 1913 to 1950 subjected Eastern Turkey to various forms of nationalist population policies aimed at ethnically homogenizing the region and including it in the Turkish nation state İsmet İnönü and the Making of Modern Turkey Osman Faruk Loğoğlu, 1997 *America and the Making of Modern Turkey* Ali Erken, 2018-03-30 After the fall of the Ottoman Empire Mustafa Kemal Atatürk's government encouraged substantial American investment in education and aid. It was argued that Turkey needed the technical skills and wealth offered by American education and so a series of American schools was set up across the country to educate the Turkish youth. Here Ali Erken in the first study of its kind argues that these organizations had a huge impact on political and economic thought in Turkey acting as a form of soft power for US national interests throughout the 20th Century. Robert College originally a missionary school founded by US benefactors has been responsible for educating two Turkish Prime Ministers writers such as Orhan Pamuk and a huge number of influential economists politicians and journalists. The end result of these American philanthropic efforts Erken argues was a consensus in the 1970s that the country must westernize. This mindset and the opposition viewpoint it engendered has come to define political struggle in modern Turkey torn between a capitalist modern West and an Islamic Ottoman East. The book also reveals how and why the Rockefeller and Ford foundations funneled large amounts of money into Turkey post 1945 and undertook activities in support of Western candidates in Turkey as a bulwark against the Soviet Union. This is an essential contribution to the history of US Turkish relations and the influence of the West in Turkish political thought *The Making of Modern Turkey* Feroz Ahmed, 1991 **The Making of Modern Turkey: Nation and State in Eastern Anatolia, 1913-1950** Uğur Ümit Üngör, 2011-04-21 The eastern provinces of the Ottoman Empire used to be a multi ethnic region where Armenians Kurds Syriacs Turks and Arabs lived together in the same villages and cities. The disintegration of the Ottoman Empire and rise of the nation state violently altered this situation. Nationalist elites intervened in heterogeneous populations they identified as objects of knowledge management and change. These often violent processes of state formation destroyed historical regions and emptied multicultural cities clearing the way for modern nation states. *The Making of Modern Turkey* highlights how the Young Turk regime from 1913 to 1950 subjected Eastern Turkey to various forms of nationalist population policies aimed at ethnically homogenizing the region and incorporating it in the Turkish nation state. It examines how the regime utilized technologies of social engineering such as physical destruction deportation spatial planning forced assimilation and memory politics to increase ethnic and cultural homogeneity within the nation state. Drawing on secret files

and unexamined records Ugur mit ng r demonstrates that concerns of state security ethnocultural identity and national purity were behind these policies The eastern provinces the heartland of Armenian and Kurdish life became an epicenter of Young Turk population policies and the theatre of unprecedented levels of mass violence The Making of Modern Turkey Feroz Ahmad,1993 **The Making of Modern Turkey** Sir Harry Luke,1936 *The Power of the People* Murat Metinsoy,2021-11-11 A fresh interpretation of the foundation of modern Turkey demonstrating the crucial role of ordinary people under Atat rk in the 1920s and 30s The Making of Modern Turkey. The Old Turkey and the New. From Byzantium to Ankara. (New and Revised Edition.). Sir Harry Charles LUKE,1955 The Making of the Modern Turkey Feroz Ahmad,1993 **Building Modern Turkey** Zeynep Kezer,2015-12-29 Building Modern Turkey offers a critical account of how the built environment mediated Turkey s transition from a pluralistic multiethnic and multireligious empire into a modern homogenized nation state following the collapse of the Ottoman Empire at the end of World War I Zeynep Kezer argues that the deliberate dismantling of ethnic and religious enclaves and the spatial practices that ensued were as integral to conjuring up a sense of national unity and facilitating the operations of a modern nation state as were the creation of a new capital Ankara and other sites and services that embodied a new modern way of life The book breaks new ground by examining both the creative and destructive forces at play in the making of modern Turkey and by addressing the overwhelming frictions during this profound transformation and their long term consequences By considering spatial transformations at different scales from the experience of the individual self in space to that of international geopolitical disputes Kezer also illuminates the concrete and performative dimensions of fortifying a political ideology one that instills in the population a sense of membership in and allegiance to the nation above all competing loyalties and ensures its longevity

Heroin, Organized Crime, and the Making of Modern Turkey Ryan Gingeras,2018-01-26 Heroin Organized Crime and the Making of Modern Turkey explores the history of organized crime in Turkey and the roles which gangs and gangsters have played in the making of the Turkish state and Turkish politics Turkey s underworld which has been at the heart of several devastating scandals over the last several decades is strongly tied to the country s long history of opium production and heroin trafficking As an industry at the centre of the Ottoman Empire s long transition into the modern Turkish Republic as important as the silk road had been in earlier centuries the modern rise of the opium and heroin trade helped to solidify and complicate long standing relationships between state officials and criminal syndicates Such relationships produced not only ongoing patterns of corruption but helped fuel and enable repeated acts of state violence Drawing upon new archival sources from the United States and Turkey including declassified documents from the Prime Minister s Archives of the Republic of Turkey and the Central Intelligence Agency Heroin Organized Crime and the Making of Modern Turkey provides a critical window into how a handful of criminal syndicates played supporting roles in the making of national security politics in the contemporary Turkey The rise of the Turkish mafia from its origins in the late Ottoman period to its role in the deep

state revealed by the so called Susurluk and Ergenekon scandals is a story that mirrors troubling elements in the republic's establishment and emphasizes the transnational and comparative significance of narcotics and gangs in the country's past

The Making of Modern Turkey Ugur Ümit Üngör, 2011 **Companion to Modern Turkey's Centennial** Ahmet Erdi Öztürk, Alpaslan Ozerdem, 2023-08-22 Bringing together rigorous original scholarship from over 60 contributors around the globe this reference volume examines Turkey's evolution from the early days of the Republic to the present time offering a critical portrait of a vibrant country at crossroads *Republican Lessons* Faith J. Childress, 2001 **Modern Turkey** Geoffrey Lewis, 1974 **Modern Turkey** John Parker, Charles Smith, 1940 **Turkey's Democratization Process** Carmen Rodríguez, Antonio Avalos, Hakan Yilmaz, Ana Planet, 2013-10-30 Since the end of the 1980 coup d'état Turkey has been in the midst of a complex process of democratization Applying methodological pluralism in order to provide a comprehensive analysis of this process in a Turkish context this book brings together contributions from prominent Turkish English French and Spanish scholars Turkey's Democratization Process utilises the theoretical framework of J J Linz and A C Stepan in order to assess the complex process of democratization in Turkey This framework takes into account five interacting features of Turkey's polity when making this assessment namely whether the underlying legal and socioeconomic conditions are conducive for the development of a free and participant society if a relatively autonomous political society exists whether there are legal guarantees for citizens freedoms if there exists a state bureaucracy which can be used by a democratic government and whether the type and pace of Turkish economic development contributes to this process Examining the Turkish case in light of this framework this book seeks to combine analyses that will help assess the process of democratization in Turkey to date and will be of interest to scholars and researchers interested in Turkish Politics Democratization and Middle Eastern Studies more broadly
