***Emerging Trends and Innovation in Business and Finance*** Rim El Khoury, Nohade Nasrallah, 2023-10-28 This book explores diverse dimensions of innovation in business and finance from a micro as well as macro perspective through various case studies and analyses of trends. The previous decade is known as the era of digital transformation and innovation. The rise of new technologies is having an impact on the global trends and leading to innovation in business and finance. In this competitive market, businesses and financial institutions must be responsive to the trends in order to survive and thrive. Governments must cope with the complex and uncertain environments by being smart, transforming service delivery, and implementing smart

governance practices and entrepreneurs and investors are faced with alternative sources of finance and investment. However, keeping up with these trends and innovations is fraught with its own set of challenges. Thus, it is important to analyze new and emerging technologies and innovations through a myriad of disciplinary lenses. This book not only expands conceptual understanding of digital transformation and innovation by presenting strong empirical evidence but also by adding to the vigorous worldwide policy discussion on how to assist businesses in the digital transition. The book will be useful to scholars and researchers of business management, financial management, business economics, international business, human resources, and marketing. It will also be of interest to entrepreneurs, policymakers, academicians, and practitioners in the field.

**Fostering Foreign Language Teaching and Learning Environments With Contemporary Technologies** Çetin Köroğlu, Zeynep Çakır, Abdulvahit, 2023-12-29. With so many new technologies becoming available to language educators today, it can seem overwhelming, and many who are eager to implement these advancements into their classrooms may not know where to start. *Fostering Foreign Language Teaching and Learning Environments With Contemporary Technologies* emerges as an essential guide book for educators, scholars, and policymakers navigating the intricacies of modern language pedagogy. Within these pages, the journey begins by acknowledging the digital revolution that has given rise to a generation of digital natives. Drawing from John Dewey's timeless wisdom, the book echoes the urgency to equip today's learners with the tools of tomorrow. By exploring the metaverse, augmented reality, and artificial intelligence, it unravels a tapestry of innovative possibilities. Through vivid exemplars, this volume elucidates how these cutting-edge technologies can seamlessly integrate into the traditional classroom or the virtual learning space. Designed for students, professionals, educators, and scholars entrenched in foreign language education, it stands as a definitive resource. Unveiling a spectrum of topics including artificial intelligence, augmented learning for acquiring speaking, reading, writing, and listening skills, it also delves into the role of augmented reality in redefining language classrooms and vocabulary acquisition, and the metaverse is unveiled as a realm of untapped potential. Learner autonomy within tech-infused classrooms becomes a focal point. It extends its embrace to encompass program designers, administrators, and practitioners, unraveling the tapestry of language instruction, learning, and assessment.
