Panzer Aces Rodrigo Hernández, 2018.

Kursk 1943 Anthony Tucker-Jones, 2018-05-07. In 1943, as war raged along the Eastern Front, the German forces attempted to push further east in the brutal Operation Citadel, which saw one of the largest armored clashes in history: the Battle of Prokhorovka. Countered by two Soviet attacks, this operation saw the tide turn on the Eastern Front. For the first time, a German offensive was halted in its tracks, and the Soviets ended the conflict as the decisive victors. With a loss of over 200,000 men on both sides, this two-month clash was one of the costliest of the war. In this dramatic study, Anthony Tucker-Jones reassesses this decisive tank battle through the eyes of those who fought, using translated first-person accounts. Kursk 1943 is one volume that no military history enthusiast should be without.

In mid-1942, it was pulled out of the line, reconstituted and reorganized in France, and then sent to North Africa as part of Hitler's desperate attempt to save the situation there. Although the division spent only six months in the desert, it fought both the British and the Americans.
