Parades And Power:

Parades and Power Susan G. Davis, 1986 Beginning with a vivid description of Philadelphia's spectacular Washington Centennial of 1832 Susan Davis examines the background of street theatre and the history of parades and public ceremonial culture in Europe and the New World In pre Civil War Philadelphia processions and public ceremonies were popular vehicles for historical commemoration and celebration and for propaganda and protest **The Family Creative Workshop**, 1975

An encyclopedia of handicrafts and other creative activities for the whole family *Performance, Memory, and Processions in Ancient Rome* Jacob A. Latham, 2016-08-16 The pompa circensis the procession which preceded the chariot races in the arena was both a prominent political pageant and a hallowed religious ritual Traversing a landscape of memory the procession wove together spaces and institutions monuments and performers gods and humans into an image of the city whose contours shifted as Rome changed In the late Republic the parade produced an image of Rome as the senate and the people with their gods a deeply traditional symbol of the city which was transformed during the empire when an imperial image was built on top of the republican one In late antiquity the procession fashioned a multiplicity of Rome's imperial traditional and Christian In this book Jacob A Latham explores the webs of symbolic meanings in the play between performance and itinerary tracing the transformations of the circus procession from the late Republic to late antiquity

Writing as Punishment in Schools, Courts, and Everyday Life Spencer Schaffner, 2019-06-11 A probing and prescient consideration of writing as an instrument of punishment Writing tends to be characterized as a positive aspect of literacy that helps us to express our thoughts to foster interpersonal communication and to archive ideas However there is a vast array of evidence that emphasizes the counterbelief that writing has the power to punish shame humiliate control dehumanize fetishize and transform those who are subjected to it In *Writing as Punishment in Schools Courts and Everyday Life* Spencer Schaffner looks at many instances of writing as punishment including forced tattooing drunk shaming court ordered letters of apology and social media shaming with the aim of bringing understanding and recognition to the coupling of literacy and subjection Writing as Punishment in Schools Courts and Everyday Life is a fascinating inquiry into how sinister writing can truly be and directly questions the educational ideal that powerful writing is invariably a public good While Schaffner does look at the darker side of writing he neither vilifies nor supports the practice of writing as punishment Rather he investigates the question with humanistic inquiry and focuses on what can be learned from understanding the many strange ways that writing as punishment is used to accomplish fundamental objectives in everyday life Through five succinct case studies we meet teachers judges parents sex traffickers and drunken partiers who have turned to writing because of its presumed power over writers and readers Schaffner provides careful analysis of familiar punishments such as schoolchildren copying lines and more bizarre public rituals that result in ink covered bodies and individuals forced to hold

signs in public Schaffner argues that writing based punishment should not be dismissed as benign or condemned as a misguided perversion of writing but instead should be understood as an instrument capable of furthering both the aims of justice and degradation (Re)Presenting Wilma Rudolph Rita Liberti, Maureen M. Smith, 2015-05-29 Wilma Rudolph was born black in Jim Crow Tennessee The twentieth of 22 children she spent most of her childhood in bed suffering from whooping cough scarlet fever and pneumonia She lost the use of her left leg due to polio and wore leg braces With dedication and hard work she became a gifted runner earning a track and field scholarship to Tennessee State In 1960 she became the first American woman to win three gold medals in a single Olympic Games Her underdog story made her into a media darling and she was the subject of countless articles a television movie children's books biographies and she even featured on a U S postage stamp In this work Smith and Liberti consider not only Rudolph's achievements but also the ways in which those achievements are interpreted and presented as historical fact Theories of gender race class and disability collide in the story of Wilma Rudolph and Smith and Liberti examine this collision in an effort to more fully understand how history is shaped by the cultural concerns of the present In doing so the authors engage with the metanarratives which define the American experience and encourage more complex and nuanced interrogations of contemporary heroic legacy
