

# Meeting Rules

## Step 1

Make sure you really need a meeting before scheduling it.

## Step 2

Book your meeting space ahead of time.

## Step 3

Don't schedule more time than necessary. Most topics require 20-30 minutes.

## Step 4

Invite only the people who are required to be present at the meeting.

## Step 5

Set an agenda & share it at the beginning of the meeting to ensure the participants remain fully aware.

## Step 6

If you want the participants to read something ahead of time, you need to send it latest a day before.

## Step 7

Start on time & don't wait for stragglers; otherwise, waiting for participants will become a culture within the company.

## Step 8

A few minutes of chit-chat at the beginning of the meeting helps participants to be ready.

## Step 9

Every meeting needs someone clearly assigned ahead of time to run it.

## Step 10

End on time. Meetings that take longer than necessary will demotivate the participants.

## Step 11

At the end of each meeting, you either need to make a decision or complete an action together.

## Step 12

Share all the results, meeting notes and materials obtained at the end of the meeting with the participants.
