Nock, 2011-11-01 *With Good Intentions* examines the joint efforts of Aboriginal people and individuals of European ancestry to counter injustice in Canada when colonization was at its height from the mid nineteenth to the early twentieth century These people recognized colonial wrongs and worked together in a variety of ways to right them but they could not stem the tide of European based exploitation The book is neither an apologist text nor an attempt to argue that some colonizers were simply well intentioned Almost all those considered here teachers lawyers missionaries activists had as their overall goal the Christianization and civilization of Canada's First Peoples While their sensitivity and willingness to work in concert with Aboriginal people made them stand out from their less sympathetic compatriots they were nonetheless implicated in the colonialist project as the contributors to this volume make clear By discussing examples of Euro Canadians who worked with Aboriginal peoples *With Good Intentions* brings to light some of the lesser known complexities of colonization This volume is an important resource for anyone interested in Canadian history particularly post Confederation history and in Native studies and issues of colonization of Native peoples **The Atlantic Region to Confederation** Phillip Buckner, John G. Reid, 2017-06-22 Nearly thirty years ago W S MacNutt published the first general history of the Atlantic provinces before Confederation An outstanding scholarly achievement that history inspired much of the enormous growth of research and writing on Atlantic Canada in the succeeding decades Now a new effort is required to convey the state of our knowledge in the 1990s Many of the themes important to today's historians notably those relating to social class gender and ethnicity have been fully developed only since 1970 Important advances have been made in our understanding of regional economic developments and their implications for social cultural and political life This book is intended to fill the need for an up to date overview of emerging regional themes and issues Each of the sixteen chapters written by a distinguished scholar covers a specific chronological period and has been carefully integrated into the whole The history begins with the evolution of Native cultures and the impact of the arrival of Europeans on those cultures and continues to the formation of Confederation The goal has been to provide a synthesis that not only incorporates the most recent scholarship but is accessible to the general reader The book reassesses many old themes from a new perspective and seeks to broaden the focus of regional history to include those groups
