## **Lotus Elite:**

**Lotus Elite, Eclat and Excel** Matthew Vale,2016-02-29 Lotus introduced the Type 75 Elite in 1974 Being a full four seater coupe with an opening glass tailgate it was designed to carry a family in comfort while retaining Lotus trademark excellent road holding and handling Perhaps most importantly it was the first and successful step in Colin Chapman's plan to move upmarket and away from Lotus kit car image The Elite gave rise to two derivatives the Eclat and the Excel The Eclat was a restyled coupe version sacrificing the Elite's unique rear styling and good rear passenger headroom for a more stylish exterior With its conventional coupe styling the Eclat was more mainstream than the Elite and it was in the end the better seller In turn the Eclat spawned the Excel the last of the Elite inspired family Matthew Vale looks at the history of these unusual Lotus models and gives a thorough guide to buying and owning the cars today    **Lotus Elite** Dennis

Ortenburger,2003-07-01 Every fascinating stage of the Lotus Elite Type 14 is explored in this fully comprehensive book from conception through production to the buying public as well as success both on and off the racetrack The Elite began design trends still visible today and the car has been listed in every passing decades list of motordom's most significant automobiles That the car came together as a result of the work of a committee whose chief stylist was an accountant is almost beyond belief The fact that one of Colin Chapman's design criteria was that the Elite be a road car capable of a class win at the prestigious Le Mans 24 hour race was remarkable The fact there followed six consecutive class wins and several index of performance victories in the race was incredible This book contains the reminiscences of virtually everyone involved in the design and early production of the Elite Many of the personalities associated with the car throughout its production life including racers and Elite dealers in both the UK and America were interviewed Although several have since passed away their recollections are here to read and enjoy Lotus Elite Racing Car for the Road is not meant to be a nuts and bolts treatment of the car but rather an explanation of what is so fascinating about this automobile above all others If the story of the Lotus Elite was told as a novel readers would believe it to be pure fantasy Hopefully this book will convince otherwise

R.M. Clarke,2001-02-26 Announced in 1957 this fiberglass monocoque did not go into full production until 1959 when the new factory at Cheshunt was opened Coventry Climax supplied complete engines mated to BMC's B series gearbox The fully trimmed body shells were produced by Maximar The Series 2 had bodies made to a higher standard by Bristol with some interior changes The SE version had more power and performance and could also be specified with Stage II tuning Due to difficulties in distribution and pricing the car was offered in component form in 1961 This is a book of contemporary road tests specification and technical data driver's impressions racing long term tests history    **Lotus 2 + 2s** Matt

The Lotus Elite was a turning point for Lotus First produced at the end of the 1950s it marked Lotus transition from a maker of small racing cars which had limited utility on the road to the producer of a highly sophisticated road and race car In the Elite Lotus exploited its knowledge of new technology and racing pedigree to produce a car which with its glass fibre monocoque and Coventry Climax engine had the potential to be a world beater This book gives an insight into the reasons the car was produced and its importance in Lotus history especially in the production of lightweight innovative cars Through interviews with Elite owners first hand accounts provide a good overview of owning one of these iconic cars covering its foibles and quirks as well as its exemplary roadholding handling and performance Illustrated with many colour photographs along with period advertising material the book provides a valuable insight into owning running and racing these iconic cars
