edition of a highly acclaimed history of the early modern Habsburg monarchy Charles W Ingrao challenges the conventional notion of Habsburg state and society as peculiarly backward by tracing its emergence as a military and cultural power of enormous influence The Habsburg monarchy was undeniably different from other European polities geography and linguistic diversity made this inevitable but by 1789 it had laid the groundwork for a single polity capable of transcending its uniquely diverse cultural and historic heritage Charles W Ingrao unravels the web of social political economic and cultural factors that shaped the Habsburg monarchy during the period and presents this complex story in a manner that is both authoritative and accessible to non specialists This edition includes a revised text and bibliographies new genealogical tables and an epilogue which looks forward to the impact of the Habsburg monarchy on twentieth century events     Creating French Culture Marie-Hélène Tesnière, Prosser Gifford, 1995-01-01 From monastic cloisters in the time of Charlemagne to the book lined studies of twentieth century authors this splendid book presents an overview of the literary and artistic world in France The Bibliothèque nationale de France today rich in collections of illuminated manuscripts books medals maps and prints had its beginnings when Charles V established his library in the Falcon Tower of the Louvre During the Middle Ages culture was the handmaiden of Church and government during the absolute monarchy it became an instrument of propaganda in the eighteenth century it developed an independent voice This book explores the changing relationship between power and culture in France as seen in the history of its national library     **Frames** Timothy J. Newbery, Metropolitan Museum of Art (New York, N.Y.), 2007 The Robert Lehman Collection at The Metropolitan Museum of Art houses one of the finest collections of frames in the world The collection Robert Lehman bequeathed to the Museum includes nearly 400 frames most of them Italian and French and dating from the 14th to the 18th century Although he bought most of these frames to display his paintings and drawings a number of them were acquired as works of art in their own right Using the documentary evidence that survives this volume attempts to place these frames on the pictures and in the interiors for which they were intended For each frame the author has provided a profile drawing that is a key to its design origin date and application This volume is the 13th in a series of 16 on the Robert Lehman Collection Metropolitan Museum of Art website     *The ...
