Love And The Law:

The Law of Love Timothy A. Baylor,2015-09-23 Did you know there are two laws of God Both laws have a priesthood and a high priest Both laws tell us how to live how to treat each other and how to relate to God But One law leads to judgment curse and death The other law leads to forgiveness grace peace and eternal life The Lord has revealed in the Scriptures the law of the priesthood of Melchizedek of which Jesus is high priest It is the law by which the Lord is calling all believers to live It is the oldest and the highest law of God and is in fact the law of heaven It is beautifully simple and easy to understand because it is the only law that has no exceptions It is the law referred to in Jeremiah 31 that God writes on our hearts and minds It is the law of love

Love is the Law William Noble Roundy,1922

The Interaction Between Law and Love in the Pauline Writings Pandelani Paul,2015-07-16 There are five chapters of this book The first chapter is the overview of the whole book and how the research was going to be conducted It also gives the summary of law and love in the books of Paul The interaction between law and love in Pauline writing has been an interesting topic where we have discovered that the law of God cannot be separated from his agape love which has followed mankind from creation and eventually leads him to eternity We discovered that the law of God reveals Gods character and that is his love The law of God and his love are one and cannot be separated from each other God gives the law to prove to man that he loves him deeply and eternally The death of Jesus on the cross was the final crown of the proof of how much we mean to God and the length He can go to redeem us He gave his all for our redemption The plan of salvation is the perfect revelation of law and love in Pauline writings Chapter 1 and 2 looks at law and love and the theology and ethics of law and love The plan of salvation is laid bare and how the Jews missed the mark of spreading the Word to the whole world by holding to God as a Jewish God alone In chapter 3 we discover the difference between the ceremonial law and the Decalogue The ceremonial laws were pointing toward the coming of Jesus and so with his arrival they came to an end because they were pointing to his coming The Decalogue was there and it will continue till the end of time when Jesus will come the second time Chapter 4 is all about love and what it means to God and how he could not compromise his Decalogue and the meaning of redemption Chapter 5 is the blending of law and love in Pauline writings Keeping the law is not a problem when you love God and you know that God loves you its not difficult to keep the Decalogue because your love supercedes the law When you love someone its easy to follow or keep the law Gods Decalogue is a mirror and love is the crown of our redemption For God so loved the world that he gave His only begotten son to die for man because His law could not be changed Love will lift us up such that doing and keeping Gods law will not be a burden but a pleasure because through Christs death we realize how important we are to God

Hopkins,2024-05-05 Reprint of the original first published in 1881 **The Law of Love** Vicent Guillem,2015-06-24 The content of this book is a message of love for you My wish is that it serves you to know better your feelings allowing you to distinguish the feelings of true love from those forms of selfishness which imitate love but are not really So seek to feed the first ones and remove the second ones because this is the only way to become happy I hope that after reading this book it is clear to you that you have a fundamental right that you must not let anyone violate and this is the right to the freedom of feeling With all my love for you Official web page <http://thespirituallaws.blogspot.com.es> *The Law of Love and Love As a Law; Or, Moral Science, Theoretical and Practical* Mark Hopkins,2008-08-01 The Law Of Love And Love As A Law Or Moral Science Theoretical And Practical By Mark Hopkins 1869 If we accept the principles of classification adopted in the following work the position of Moral Science as compared with other sciences is either superior or central It is superior to those sciences as intellectual philosophy which are conditional for it and central for those as the science of government which are but an application of its principles It is from this position of the science together with its unsettled condition that I have been led of late to devote to its advancement the little time I could spare from my more immediate and pressing duties That some advancement has been made I am encouraged to hope from the favorable reception of the Lectures on Moral Science published by me five years since In those Lectures morality was made rational both as based on ends and as involving intuitions the different kinds of ends and of good and evil distinguished the relation **The Law of Love and Love as a Law, Or, Christian Ethics** Mark Hopkins,1877 **Law, Love, and Language** Herbert McCabe,1979 **The Law of Love and Love as a Law** Mark Hopkins,2018-02-25 Excerpt from The Law of Love and Love as a Law Or Moral Science Theoretical and Practical If not it is for them to reconcile their acceptance of the precept with their acceptance of Christianity as a philosophy What we need is a Christian philosophy Not that philosophy is to be received on the basis of revelation To be philosophy it must be received on the basis of reason But if a revelation really from God teaches or implies a philosophy it must coincide with that taught by reason and ought to be seen thus to coincide If Christianity is ever to be a fair exponent of Christianity its Moral Philosophy must be that of Christianity We need also a philosophy in which the practical shall be drawn from the theoretical part so that they shall not stand as in most of our treatises like the two sides of the Yosemite Valley with a deep gulf between them If as Dr Wayland says in the opening of his Practical Ethics the whole Moral Law is contained in the single word Love it would seem self evident that the theoretical part the philosophy must consist of an exposition of Law and Love as they are in themselves and as related to each other Such an exposition Dr Wayland did not attempt nor can it be successfully attempted by any one of his school or of the school of Right except as it shall be shown that the two precepts above given are identical About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections

Love Is the Law Marieta Oslanec, 2019-10-22 It took me 16 years to understand that in order to find true love happiness and abundance I needed to go within During those years I experienced several painful breakups and went from one relationship to another only to realize that the most important love is self love The most painful break up was the beginning of my life long love story I moved from Slovakia to the USA with only 700 USD and without speaking a word of English I put myself through law school and became a licensed attorney in New York Nobody would hire me so I started my own company and hired myself I then decided to challenge myself further and travel the world solo I spent 30 days in complete silence in meditation retreats throughout Bali Nepal and Hawaii During this period I faced my deepest fears and came to discover that they were only illusions The truth is many of our fears are not real they are just our ego trying to protect us What is real is love and that is our higher self The Universe is governed by the ultimate Law that is Love and when we all collectively raise our consciousness we will be able to create a new world In this book you will learn how to Heal a broken heart and fall in love with yourself Change a limiting money mindset and attract abundance Discover your purpose and start a purpose driven business Meditate and tap into your higher self Create a healthy relationship with your body then go beyond reading words and concepts to open your mind and heart and enter the space between words beyond knowledge to Spirit where Love is the Law Sylva Dvorak PhD New York Times Bestselling Love is the Law 21 Universal Laws to Activate Your Inner Genius Uplift Humanity is motivational success writing at its best Author Marieta Oslanec moved to the U S with only 700 to her name and no English in her skill set put herself through law school and became a licensed New York attorney then began her own practice During this process she gathered and cultivated laws to follow that range from self love and balance to self healing and loving others While Love is the Law stems from her determination and experiences it also holds a spiritual component that will especially attract readers who search for the intersection between love success and bettering the world Love is the Law is not a passive instructional but is filled with challenges and admonitions that invite and direct readers to commit to tackling fears defining or redefining success and taking the steps needed to both direct the future and collaborate with the Universe by simply letting go D Donovan Senior Reviewer Midwest Book Review The author's journey was a big force behind the connection I felt while absorbing the subject matter Sharing vignettes of her personal story she invites reader into her mind and entire being for that matter providing a clear picture of who she was before starting her journey and who she has become by applying these practices in her own life Sheri Hoyte for Reader Views
