Love Between Women Early Christian Responses To Female Homoeroticism:

Love Between Women Bernadette J. Brooten, 2009-02-15 *Love Between Women* examines female homoeroticism and the role of women in the ancient Roman world. Employing an unparalleled range of cultural sources, Brooten finds evidence of marriages between women and establishes that condemnations of female homoerotic practices were based on widespread awareness of love between women. An extraordinary accomplishment. A definitive source for all future discussion of homoeroticism and the Bible. Mary Rose D'Angelo, Harvard Gay Lesbian Review. Brooten's convincing analysis not only profoundly reshapes our understanding of the past but it should also shape the way in which that past, particularly the early Christian texts with their immense normative weight, will be used for the future. Anne L. Clark, *Journal of Lesbian Studies*. *Love Between Women* gives contemporary debates on sexuality a carefully delineated past. It boldly insists upon a different future, one informed by history but not tyrannized by it. Susan Ackerman, *Lambda Book Report*. Fascinating, provocative, and lucid. Brooten has made a fundamental contribution to women's and gender studies, gay and lesbian studies, and classics. Elizabeth A. Castelli, *Women's Review of Books*. Winner of the Lambda Literary Award for Best Lesbian Studies Book, 1997. **Love**

Between Women Bernadette J. Brooten, 1996 *Two Views on Homosexuality, the Bible, and the Church* Zondervan, 2016-11-29. Unique among most debates on homosexuality, this book presents a constructive dialogue between people who disagree on significant ethical and theological matters and yet maintain a respectful and humanizing posture toward one another. Few topics are more divisive today than homosexuality. *Two Views on Homosexuality, the Bible, and the Church* brings a fresh perspective to a well-worn debate. While Christian debates about homosexuality are most often dominated by biblical exegesis, this book seeks to give much-needed attention to the rich history of received Christian tradition, bringing the Bible into conversation with historical and systematic theology. To that end, both theologians and biblical scholars well-accomplished in their fields and conversant in issues of sexuality and gender articulate and defend each of the two views. Affirming, represented by William Loader and Megan K. DeFranza. Traditional, represented by Wesley Hill and Stephen R. Holmes. The main essays are followed by insightful responses that interact with their fellow essayists with civility. Holding to a high view of Scripture, a commitment to the gospel and the church, and a love for people, especially those most affected by this topic, the contributors wrestle deeply with the Bible and theology, especially the prohibition texts, the role of procreation, gender complementarity, and pastoral accommodation. The book concludes with reflections from general editor Preston Sprinkle on the future of discussions on faith and sexuality. The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair-minded and respectful of the biblical text. Each volume is a one-stop reference that allows readers to evaluate the different positions on a specific issue and form their own educated opinion. *Mapping Gender in Ancient Religious Discourses* Todd C. Penner, Caroline Vander Stichele, 2007. A collection of essays on early Christian, Jewish, and Greco-Roman religious discourses in antiquity, focusing on the construction

of gender in relationship to broader cultural and religious themes argumentation and identity formation in the early centuries of the common era
