**Origin** Xiao Ran Huang, 2024-10-12 Dao theory is an all inclusive ultimate theory established by ancient Chinese thinkers according to the Origin of the universe It is used to explain all the basic phenomena in the universe to guide people's thought and behavior to guide the establishment of a just and perfect society and so on It can be proved through Dao theory that the Origin of the universe is a spiritual body in a zero state which is the most perfect The universe comes from the Origin of the universe The theory established according to the Origin is bound to be all inclusive and can explain the most important phenomena in the universe life and consciousness Because the Origin is the most perfect the theory established according to the Origin will inevitably be able to guide mankind to build a perfect society There are two versions the physical version and the popular version The popular version contains spiritual physics that explains consciousness and soul omitting general physics The physical version has the results of the author's research on general physics suitable for researchers teachers and readers who are interested in physics The cover of physical version is blue and the cover of the popular version is yellow This book is the physical version    [A Compendium of the Theological Writings of Emanuel Swedenborg](#) Emanuel

**The New Age**, 1923    [The Quest](#), 1920    **Works of Love** Robert L. Perkins, 1999 To claim that *Works of Love* is an important philosophical essay is to assume hazardous burden of proof The book's title is an allusion to the Bible's injunction that we should love our neighbor as we love ourselves a far cry far instance from Diotoma's ladder of erotic desire up which we climb from the love of bodies until we catch a vision of that single sea of beauty beauty itself Plato Symposium This contrast given that some of some of our neighbors may not be particularly likable or one may even be a determined enemy suggests immediately to some that a book with such an obviously religious title must be excessively moralistic and at best full of sermon helps for the harried clergy or at worst laden with rules for the unlearned laity A casual perusal of a few
