Love, Judy Judy Hart, 2008-09-01 Warm supportive and uplifting this book combines Judy Hart's own story as a survivor of two breast cancers with a variety of self support techniques to encourage healing. It is an invaluable resource for breast cancer patients, families and friends as well as nurses, doctors, psychologists and cancer patient support groups. Judy Hart teaches writing workshops for cancer patients and survivors and is a spokesperson for breast cancer in Northern California. Her book has been praised for providing a resourceful, loving model of how to focus on living and feeling deeply during challenging life experiences such as cancer. If I had a friend facing breast cancer, this is the book I would give her. **Love,**

Silence Janet S. Peterman, 2007-01-01 Janet Peterman presents a variety of healing and comforting rituals that can be used in situations that are likely to be encountered in congregations but yet are not typically treated in standard liturgies. Peterman offers her reflections on the significance of rituals and includes a broad spectrum of rituals for personal use for life in the home or at church for use in the wider community or for help in leading to transformation. She concludes by describing a seven step process for creating new rituals and suggests ways to adapt existing worship materials for use in new settings. This much needed resource will help pastors and lay leaders develop their own skills and insights for creating liturgies and rituals that provide relief, healing and support for those in congregations who are faced with critical and life altering situations. **Dr. Susan Love's Breast Book, Second Edition, Special Edition For Cgss** Susan M.
