**A Legacy of Preaching, Volume One---Apostles to the Revivalists** Zondervan, 2018-11-13 A Legacy of Preaching Volume One Apostles to the Revivalists explores the history and development of preaching through a biographical and theological examination of its most important preachers. Instead of teaching the history of preaching from the perspective of movements and eras, each contributor tells the story of a particular preacher in history, allowing the preachers from the past to come alive and instruct us through their lives, theologies, and methods of preaching. Each chapter introduces readers to a key figure in the history of preaching, followed by an analysis of the theological views that shaped their preaching, their methodology of sermon preparation and delivery, and an appraisal of the significant contributions they have made to the history of preaching. This diverse collection of familiar and lesser-known individuals provides a detailed and fascinating look at what it has meant to communicate the gospel over the past two thousand years. By looking at how the gospel has been communicated over time and across different cultures, pastors, scholars, and homiletics students can enrich their own understanding and practice of preaching for application today. Volume One covers the period from the apostles to the revivalists and profiles thirty preachers, including Paul by Eric Rowe, Peter by David R. Beck, Melito of Sardis by Paul A. Hartog, Origen of Alexandria by Stephen O. Presley, Ephrem the Syrian by Jonathan J. Armstrong, Basil of Caesarea by Jonathan Morgan, John Chrysostom by Paul A. Hartog, Augustine of Hippo by Edward L. Smither, Gregory the Great by W. Brian Shelton, Bernard of Clairvaux by Elizabeth Hoare, Francis of Assisi by Timothy D. Holder, Saint Bonaventure by G. R. Evans, Meister Eckhart by Daniel Farca, Johannes Tauler by Byard Bennett, John Huss by Mark A. Howell, Girolamo Savonarola by W. Brian Shelton, Martin Luther by Robert Kolb, Ulrich Zwingli by Kevin L. King, Balthasar Hubmaier by Corneliu C. Simu, William Tyndale by Scott A. Wenig, John Calvin by Anthony N. S. Lane, William Perkins by Dwayne Milioni, Richard Baxter by Simon Vibert, John Owen by Henry M. Knapp, John Bunyan by Larry Steven McDonald, Matthew Henry by William C. Watson, and W. Ross Hastings. Francis F. Nelson by Martin I. Klauber, Jonathan Edwards by Gerald R. McDermott, John Wesley by Michael Pasquarello III, George Whitefield by Bill Curtis, and Timothy McKnight. Volume Two, available separately, covers the period from the Enlightenment to the present day and profiles thirty-one preachers, including Charles Haddon Spurgeon, D. L. Moody, Billy Sunday, Karl Barth, D. Martyn Lloyd Jones, John Stott, Harry Emerson Fosdick, Martin Luther King Jr., Billy Graham, and more.

*Elissa's Legacy* John A. Ursillo, 2025-03-26 The story in *Elissa's Legacy* came about from an encounter with a side of CW history that had been introduced to me by my daughter, a doctoral occupational therapist with the Veterans Administration. An awareness of the phenomenon of women serving as men in the Civil War. Research discovered that the role of women on the home front as nurses grew from small beginnings: home front volunteers to the formal introduction of the Dorothea Dix Corps of Nurses, which morphed into first ad hoc assistance closer to the field of battle within military field hospitals, both North and South. I discovered there was far more to this early female participation, i.e., the phenomenon of

women serving in disguise as men in actual combat hundreds of them by War Department actual count The success of these growing pains was the eventual system of military medical services that exist today Deeper research into both areas of interest was spurred by my acquisition of a signed limited edition 1864 copy of a memoir self published by such a participant Emma Edmonds who served as a nurse soldier and spy My copy was no 51 in the edition signed by Emma for the buyer Miss Lucy Vanilly The current work is not a retelling of Miss Edmonds s story which has been formally republished but my attempt to meld the phenomenon of women in Civil War military service with the concept of how the actions and experiences of previous generations of a family my character Elissa s family and my family can strongly influence behavior mores and actions of their descendants I know this to be true from my own military service Ordnance Corps EOD my comrades and those who currently serve The term band of brothers is not just a film title As I grow older I am ever more conscious how that legacy from my forebears has molded my personality influenced my character guided my actions and helped me inculcate those values into my two daughters so that they may carry on the influence of those of my family who have gone before

Mihaylova,Anna Ezekiel,2023-09-21 Hope is understood to be a significant part of human experience including for motivating behaviour promoting happiness and justifying a conception of the self as having agency Yet substantial gaps remain regarding the development of the concept of hope in the history of philosophy This collection addresses this gap by reconstructing and analysing a variety of approaches to hope in late 18th and 19th century German philosophy In 1781 Kant s idea of a rational hope shifted the terms of discussion about hope and its role for human self understanding In the 19th century a wide ranging debate over the meaning and function of hope emerged in response to his work Drawing on expertise from a diverse group of contributors this collection explores perspectives on hope from Kant Fichte Schelling Schopenhauer J S Beck J C Hoffbauer Wilhelm von Humboldt Georg Friedrich Creuzer Kierkegaard and others Chapters consider different aspects of the concept of hope including the rationality of hope appropriate and inappropriate applications of hope and the function of hope in relation to religion and society The result is a valuable collection covering a century of the role of hope in shaping cognitive attitudes and constructing social political and moral communities As an overview of philosophical approaches to hope during this period including by philosophers who are seldom studied today the collection constitutes a valuable resource for exploring the development of this important concept in post Kantian German philosophy      **American**
